## **RULE OF THE MONTH**

**BURROWING ANIMAL HOLES:** (Rule is Abnormal Ground Conditions) Did you see the burrowing owl at our booth at the Golf Expo on Sunday? It made me think of this rule. These cool owls can be found on vacant land near Murphy Creek. They occupy abandoned prairie dog holes. If your ball lands in an animal hole or your stance is impeded by the animal hole, you are entitled to a free drop within one club length of the nearest point of relief, no closer to the hole. The ball may be cleaned when lifted. Since there are exceptions to this rule, you might want to consult your rule book for further clarification.

Hit 'em long & straight!

## **Meet Ed Delaney**

Ed Delaney is a certified Superintendent at Fitzsimons G. C. He has been with Fitzsimons since 1993, when the course was part of the Fitzsimons Army Hospital. Fortunately for us he stayed on when the City took over in 1997. His first job in the golf industry was as a mechanic at Aurora Hills in 1971! He and his staff have done a wonderful job keeping Fitz in fantastic shape. Ed is going to retire at the end of March. We are sad to see him go but wish him good luck in his new life of leisure! Thank you for all of your hard work Ed! You will be missed!
