**Cul-De-Sac's:** Per the City of Aurora Code of Ordinance, [Sec. 126-36 (b) (5)](sec126-36b), street requirements (b)

Street layout. (5) No cul-de-sac shall be longer than 500 feet unless a secondary emergency access is approved by the Life Safety Representative within the Building Division on behalf of the Fire Marshal. The secondary emergency access shall contain a connecting pedestrian path and comply with all life safety requirements. Cul-de-sac length shall be measured from the flow line of the intersecting street to the center of the cul-de-sac bubble.
