Section 24. The definition of “Home Occupation,” “Light Manufacturing” and “Specialty Food Production” in section 146-6.2 of the City Code of the City of Aurora, Colorado, are hereby amended to read as follows:

Sec. 146-6.2 Definitions and Terms of Measurement

Home Occupation

This use shall not include an animal hospital, barbershop, beauty parlor, day care, health clinic, hospital, kennel, tearoom, or hemp fabrication, manufacturing, or processing.

Light Manufacturing
Uses engaged in the manufacture, processing, fabrication, treatment, assembly, packaging, incidental storage, sales and distribution of finished products or parts, predominately from previously prepared materials such as cloth, plastic, metal, paper, leather, precious or semiprecious stones, including without limitation the manufacture of electronic instruments or pharmaceuticals, the manufacture of custom medical and dental implants, the preparation of food products, blueprinting and commercial printing services (but not consumer photocopying and shipping stores), and other activities that do not create nuisances to surrounding properties and do not require delivery or shipping by railroad cars. This use does not include the manufacturing of products from raw minerals or raw products (including hemp), the processing or treatment of raw minerals, raw products (including hemp), or any manufacturing involving hazardous materials.

Specialty Food Production

This definition includes uses such as bakeries, coffee roasters, candy making, and cheese making, but does not include any use involving marijuana or otherwise meeting the definition of a marijuana cultivation, product manufacturing, and testing facility. This definition does not include any use involving hemp, hemp product or otherwise meeting the definition of hemp processing or hemp manufacturing. This use may or may not have outdoor seating or patio as an accessory use depending on the zoning district in which it is located.
