

# Americans with Disabilities Act (ADA) Accessible Parking Signage Application/Request

## Accessible ADA signage program requirements

The City of Aurora Parking & Mobility Program may approve the installation of accessible disability (ADA) parking signage to provide additional access and mobility opportunities for residents. Accessible ADA parking signage requests are generally approved if all the following conditions are met:

- Request is by a residence living at the household located on a public street within the city of Aurora
- Residence **DOES NOT** have accessible off-street parking (i.e., driveway, garage, carport, etc.)
- All required documentation is valid and completely provided (see below)

**Please note:** All requests to install ADA parking signage to provide parking for RTD Access-A-Ride will be denied. RTD Access-A-Ride vehicles are prohibited from parking in reserved disability space.

Disability parking spaces are always accessible for public use by anyone with a valid disability placard/plate affixed to a vehicle. All other parking rules and regulations must be followed while parked in an ADA parking space, including, but not limited to, time restrictions and permit required parking. Reserved disability spaces may be subject to yearly review, requiring the submission of a new application and supporting documents.

**Return the completed application with required document copies to:**

### Park Aurora Program

15151 East Alameda Parkway, Suite 3200  
Aurora, CO 80012

or, scan application and document copies to [parking@auroragov.org](mailto:parking@auroragov.org)

..... Please print clearly .....
