

Household Chemical Management Program

Household Chemical Roundups (HCR) are events held so residents may safely and properly dispose of unwanted or unusable hazardous household products. Since 1991, Aurora has sponsored these Roundups, providing a safe disposal method for hazardous household wastes. Residents are directed to bring specified household hazardous waste to the city's Central Facilities, located at 13645 E. Ellsworth for collection and proper disposal. The waste is sorted, classified, and packaged by a hazardous waste disposal company. Recyclable items such as waste oil, auto batteries, and paints are reused and recycled. The disposal firm takes the hazardous waste to a proper disposal facility.

Types of Household Waste Accepted:

<i>Antifreeze</i>	<i>Mercury (including compact fluorescent light bulbs (CFL) and tubes</i>
<i>Arts and craft paints</i>	
<i>Auto body filler</i>	<i>Oil-based (alkyd) paints</i>
<i>Brake fluid</i>	<i>Paint removers</i>
<i>Batteries</i>	<i>Paint strippers</i>
<i>Car and chrome polish</i>	<i>Paint thinners</i>
<i>Car cleaners</i>	<i>Turpentine</i>
<i>Carburetor cleaner</i>	<i>Pesticides</i>
<i>Cardboard</i>	<i>Radiator fluids</i>
<i>Caulks</i>	<i>Resins, fiberglass and epoxy</i>
<i>Glues and cement</i>	<i>Roach and ant killer</i>
<i>Diesel fuel</i>	<i>Rodent poisons</i>
<i>Engine degreaser</i>	<i>Rubber cement thinner</i>
<i>Fertilizers</i>	<i>Soil fumigants</i>
<i>Fungicides</i>	<i>Tires (\$3/tire)</i>
<i>Gasoline</i>	<i>Transmission fluid</i>
<i>Herbicides</i>	<i>Used/unused motor oil</i>
<i>Insecticides</i>	<i>Varnishes</i>
<i>Kerosene</i>	<i>Vehicle batteries</i>
<i>Lacquers and stains</i>	<i>Water-based latex paint</i>
<i>Lamp oil</i>	<i>Weed killers</i>
<i>Latex paint</i>	<i>Wood preservatives and polishes</i>
