Council Member Lawson stated she would support the item and asked the City Attorney if the contract could reflect any specific conflicts of interest on the part of the lobbyist.

Mike Hyman, City Attorney, answered affirmatively.

Council Member Cleland asked what would be done if the lobbyist could not lobby on behalf of the City due to a conflict of interest. Mr. Hyman pointed out the contract had not yet been fully negotiated and provisions of this nature could be considered as a model.

Council Member Richardson suggested a friendly motion to defer the item be made until the final language was determined because both City Council and the Denton Group deserved to know what the model was that would be utilized.

Council Member Lawson concurred, noting most lobbyist contracts had a conflict of interest clause and suggested this one should be more detailed in that regard.

#### 11. **ORDINANCES FOR INTRODUCTION**

- ◆ a. **2016-65**  
Consideration for INTRODUCTION OF AN ORDINANCE of the City Council of the City of Aurora, Colorado, amending various sections of Chapter 50, Article II, Division 4 of the City Code of the City of Aurora, Colorado, regarding the office of the public defender. STAFF SOURCE: Terri Velasquez, Director, Finance

Motion by Richardson, second by Cleland, to permanently defer item 11a.

David Lane, Attorney at Law, spoke in support of the motion, noting approval of the ordinance would cripple the public defender's office and generate civil rights lawsuits by building in this conflict.

- ◆ ***The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.***

Council Member LeGare asked Mr. Lane to speak specifically to how this ordinance would generate conflict. Mr. Lane did so, noting the City Attorney and his staff litigat against the public defenders and the City could not be in the position of favoring one over the other. Council Member LeGare noted there was a law in place that stated a person in the City Attorney's position should not interfere with the process.

Mr. Lane clarified the City Attorney would not be interfering directly but would present the appearance of impropriety when advising City Council on decisions that would affect the public defender.

Council Member LeGare asked Mr. Lane how this ordinance provided an appearance of conflict because the elected body could potentially influence a situation when the same elected body appointed all of the judges in the court and that was not a conflict. Mr. Lane discussed a situation in his experience where that conflict arose.

Jose Martinez, Interim Chief Public Defender, City of Aurora, spoke in support of the motion and in opposition of the ordinance.

Council Member LeGare noted Mr. Martinez's reference to the ordinance having a chilling effect and asked how, under that theory, the police department could have an internal affairs bureau when the Chief of Police reported to the City Manager. Mr. Martinez stated the Police Chief worked for the City Manager and the Public Defender would also work for the City Manager under this ordinance and an attorney that was let go because they used their ability to advocate for their client would create a chilling effect.

Council Member Bergan clarified the City Attorney did not advise City Council on budgets or any cases and the City Manager did not hire police officers.

Mr. Martinez stated the Police Chief fell under the City Manager.

David Beller, Denver Municipal Public Defender Commission, spoke in favor of the motion and in opposition to the ordinance.

Denise Maes, Public Policy Director, ACLU Colorado, Jessica Jackson, Public Defender Commission, Bob Neu, Chairman, Public Defender Commission, spoke in favor of the motion.

Council Member Richardson asked City Council to reject the ordinance and to support the motion to defer because the relationship between the City Attorney and the City Manager was so close based on a need for mutual dependency that it created a de facto conflict as the ordinance was currently structured.

Council Member Cleland stated she would not support the item, noting she did not think it was necessary to change the entire process and she would like to keep the Public Defender Commission because they were going a great job.

Council Member LeGare stated he would vote in opposition to the motion to defer. He clarified the entire action was not brought about as a result of the public defender that spoke to the legislature at the last legislative session as had been suggested. He stated he raised the issue after questions arose after he read the Public Defender Commission meeting minutes, noting the subsequent answers revealed the actual process for the Public Defender's office was not aligned with the City charter.

- ◆ ***The City Charter prescribes the Mayor may vote on resolutions and ordinances only to create or break a tie vote of Council Members present. The Mayor Pro-Tem is always permitted to vote on all items.***

Council Member Pierce asked the City Attorney to comment on the testimony provided on the item and to offer an opinion.

Mike Hyman, City Attorney, did so. He confirmed the ordinance was presented as a result of Council Member LeGare's request and concerns related to compliance with the charter. He addressed the unwritten policy related to obtaining permission for Council legislative committees to testify on behalf of the City, noting putting the policy on the books was meant to protect the Public Defender office employee's rights as citizens to petition their government. He pointed out doing so provided accountability, professional oversight and transparency.

Council Member Pierce stated he would not support the motion because he felt the ordinance was appropriate.

Council Member LeGare asked Mr. Hyman if it was a violation of the 6<sup>th</sup> amendment for a City Manager or Deputy City Manager to influence a Public Defender to make a decision that was contrary to their position as Public Defender. Mr. Hyman answered affirmatively.

Council Member Cleland stated her comments did not relate to current staff, noting her concerns related to what might happen five to ten years from now.

Council Member Berzins stated she would support the motion because there was a conflict of interest and it removed the Public Defender office's independence.

Voting Aye: Berzins, Cleland, Mounier, Richardson

Voting Nay: Bergan, Lawson, LeGare, Pierce, Roth

Motion by LeGare, second by Roth, to approve item 11a.
