2020-2021 FEES

With our new and improved registration system, PerfectMind, we are changing our preschool classes on a per class session fee instead of a monthly averaged fee based upon the yearly tuition. Preschool payments will still be due on the 20th for the following month. Each month's tuition payment will be based upon the total number of scheduled class dates in the month. Each month's tuition payment will vary according to the number of class dates in the month. All class fees are \$6.75/hour and full day 6.5 hour classes are \$6.55/hourly. Non-resident rate is 25% in addition. We will still be offering our convenient auto pay option for tuition payments. Payment for the Aug. class sessions are due at time of registration. A breakdown of all monthly payments are listed on the back of the flyer. The Aug.class fee is refundable up until July 31, 2020. After that date the class fee for Aug. classes are non-refundable.
