HISTORY *(Dates reviewed by City council, Policy Committees, Boards and Commissions, or Staff. Summarize pertinent comments. ATTACH MINUTES OF COUNCIL MEETINGS, POLICY COMMITTEES AND BOARDS AND COMMISSIONS.)*

Previously, the City Council appointed Earl Wilkinson to a three (3) year term (expiring December 2027), Alexandra Davis to a three (3) year term (expiring December 2028), and Mathew Allsopp to a three (3) year term (expiring December 2026).

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

The Homestake Water Project was developed and is jointly operated by Colorado Springs and Aurora (Cities) to provide a raw water supply for the Cities. The original Homestake Project, developed pursuant to the 1962 contract between the two Cities, included many facilities: Homestake collection system, Homestake Reservoir, Homestake Tunnel from Homestake Reservoir to Turquoise Reservoir, Otero Pump Station, and pipelines for delivery of water to the Cities. Operation of these facilities is overseen by the Homestake Steering Committee as outlined in the 1962 Agreement. In 1983, the Cities entered into an Intergovernmental Agreement (IGA) to also create the "Joint Water Authority" to facilitate funding and construction of new project infrastructure.

The Homestake Steering Committee has requirements for members and directors to be appointed by their respective City Council. The IGA has specific language as to the makeup of the representatives. Homestake Agreement (1962):

"It shall be composed of six (6) members, three (3) members to be appointed from each of the Cities. Subject always to the control and supervision thereof by the City Council and the proper officers of each City, said board of commission as so constituted shall carry out and manage the planning, engineering, constructions, financing, maintenance, and operations of said common facilities, and shall appoint and engineer manager."

The Steering Committee is made up of six (6) members, three (3) from each City. The current Aurora members are Alexandra Davis, Assistant General Manager of Water Supply and Demand, term of three (3) years, December 2025 to December 2028, Earl Wilkinson, Assistant General Manager of Operations, term of three (3) years December 2024 to December 2027, and Mathew Allsopp, Superintendent of Source Water, term of three (3) years December 2023 to December 2026.

Duties and Responsibilities of Steering Committee and Joint Water Authority
Scheduled meetings are held quarterly (March, June, September, and December of which general business is discussed regarding water rights issues, operations, projects, planning, budget, and general policy issues. Meetings are held at several locations including both Cities, and at the Homestake Project location North of Buena Vista. In addition, numerous special and sometimes emergency meetings and conference calls are held across the year for guidance from the *Steering Committee* on major operational and planning issues. Because the "project" deals with water transmission services the resident engineer is in contact on a weekly and sometimes daily basis for water operations needs with *Steering Committee* members. Currently, *Joint Water Authority* business is handled within the context of *Steering Committee* meetings with the exception being an annual budget approval meeting in December, which as required by law, is to be noticed.

The makeup of the *Steering Committee* and the *Joint Water Authority* consists of members from each City that have decision making authority regarding both Water resource, engineering and operational issues. In both Cities, this has been accomplished by assigning the current water resource manager(s) and operations manager(s). This allows for uninterrupted daily operations of the project.

Budgeting for the Homestake Project and Joint Water Authority is accomplished through the annual budget approval from both Cities and their respective City Council.

Aurora Water is requesting the reappointment of Mathew Allsopp, Superintendent of Source Water to serve an additional three (3) year term beginning December 2026 through December 2029.

QUESTIONS FOR COUNCIL

Does the Council support the reappointment of Mathew Allsopp for a three-year term to the Homestake Steering Committee forward to the November 23, 2026 Council meeting?

LEGAL COMMENTS

The terms of the 1962 Homestake Agreement between Aurora and the City of Colorado Springs provide for the following:

"It shall be composed of six (6) members, three (3) members to be appointed from each of the Cities. Subject always to the control and supervision thereof by the City Council and the proper officers of each City, said board of commission as so constituted shall carry out and manage the planning, engineering, constructions, financing, maintenance, and operations of said common facilities, and shall appoint and engineer manager."

The City has agreed, through previously executed Intergovernmental Agreements, to appoint representatives of the City to be members of the Homestake Steering Committee, as well as directors of the Aurora Colorado Springs Joint Water Authority. City Council is authorized to appoint members to these boards, and delegate to those members such functions, powers and authority of the City as Council deems proper and advisable. Previously, the City Council appointed Earl Wilkinson to a three (3) year term (expiring December 2027), Alexandra Davis to a three (3) year term (expiring December 2028), and Mathew Allsopp to a three (3) year term (expiring December 2026).

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

The Homestake Water Project was developed and is jointly operated by Colorado Springs and Aurora (Cities) to provide a raw water supply for the Cities. The original Homestake Project, developed pursuant to the 1962 contract between the two Cities, included many facilities: Homestake collection system, Homestake Reservoir, Homestake Tunnel from Homestake Reservoir to Turquoise Reservoir, Otero Pump Station, and pipelines for delivery of water to the Cities. Operation of these facilities is overseen by the Homestake Steering Committee as outlined in the 1962 Agreement.

The Joint Water Authority was formed in 1983 by an Intergovernmental Agreement (IGA) as a separate political subdivision "to effect development of water resources, systems, and facilities in whole or in part for the benefit of the Cities and their inhabitants." The Authority, with concurrence of the two Cities, issues bonds, secured and repaid those bonds by revenues under the Contract, and constructed the Extension Pipeline to transmit water from the outlet works of Twin Lakes Reservoir to the existing Otero Pumping Station intake pipeline. The original system used a river intake pipeline to divert and transmit water from the Arkansas River to the Otero Pump Station; it had no connection directly to Twin Lakes. The addition of the extension pipeline to connect Twin Lakes to the Otero Pump Station was completed in 1983 to reduce pumping costs and allowed the system to operate year-round.

The Joint Water Authority has requirements for members and directors to be appointed by their respective City Council. The Agreement has specific language as to the makeup of representatives. Joint Water Authority (1983):

Each City council shall in November or December of the calendar year immediately preceding the expiration dates of its City's representatives' term, appoint successive voting directors to the board, for three-year terms as representatives of the City. There is no limitation upon the number of terms, including successive terms that a Voting Director may hold office."

The Joint Water Authority is made up of six members, three from each City. The current Aurora members are Earl Wilkinson, Assistant General Manager of Operations, term of three (3) years, December 2024 to December 2027, Alexandra Davis, Assistant General Manager of Water Supply & Demand, term of three (3) years, December 2025 to December 2028, and Mathew Allsopp, Superintendent of Source Water, term of three (3) years, December 2023 to December 2026.

Duties and Responsibilities of Steering Committee and Joint Water Authority

Scheduled meetings are held quarterly (March, June, September, and December of which general business is discussed regarding water rights issues, operations, projects, planning, budget, and general policy issues. Meetings are held at several locations including both Cities, and at the Homestake Project location North of Buena Vista. In addition, numerous special and sometimes emergency meetings and conference calls are held across the year for guidance from the *Steering Committee* on major operational and planning issues. Because the "project" deals with water transmission services the resident engineer is in contact on a weekly and sometimes daily basis for water operations needs with *Steering Committee* members. Currently, *Joint Water Authority* business is handled within the context of *Steering Committee* meetings with the exception being an annual budget approval meeting in December, which as required by law, is to be noticed.

The makeup of the *Steering Committee* and the *Joint Water Authority* consists of members from each City that have decision making authority regarding both Water resource, engineering and operational issues. In both Cities, this has been accomplished by assigning the current water resource manager(s) and operations manager(s). This allows for uninterrupted daily operations of the project. In addition, for the purposes of the *Joint Water Authority* the Chief Financial Officer was included as an ex officio member.

Budgeting for the Homestake Project and Joint Water Authority is accomplished through the annual budget approval from both Cities and their respective City Council.

Aurora Water is requesting the reappointment of Mathew Allsopp, Superintendent of Source Water and to serve a three (3) year term beginning December 2026 through December 2029.

On October 21, 2026, the Water Policy Committee supported moving an Intergovernmental Agreement for the Piney Lake Trails stormwater improvements forward to the November 9, 2026 Study Session.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This Intergovernmental Agreement (IGA) covers newly constructed stormwater infrastructure for the Piney Lake Trails subdivision in Douglas County which extends into the County Line Road right-of-way. This IGA is between the Piney Lake Trails Metropolitan District and the City of Aurora.

There is an existing IGA between Douglas County and the City, approved in 2015, which detailed that stormwater infrastructure within County Line Road right-of-way would be owned and maintained by the City. The 2015 IGA included two pipes crossing underneath County Line Road from the south, which are owned and maintained by Aurora Water. The new Piney Lake Trails subdivision has constructed stormwater infrastructure within the County Line right-of-way, connecting into the aforementioned two existing pipes.

This IGA clarifies that all of the new stormwater infrastructure constructed by the Piney Lake Trails subdivision will be owned and maintained by their Metropolitan District, while Aurora will still own and maintain the existing pipes. This approach is in line with Aurora Water's approach to maintenance and ownership responsibilities with private development to balance the obligations of both parties.

m. Binding Agreement. This Agreement and all terms and conditions herein shall extend to and be binding upon the Parties and their respective heirs, successors, and assigns, provided that this Agreement and the rights and duties contained herein may not be assigned or transferred, by operation of law or otherwise, without the prior written consent of both Parties.

n. Joint Drafting. This Agreement is the product and result of the joint efforts of the Parties hereto, each of whom had the advice of legal counsel and an equal opportunity to contribute to its content.

o. Non-Waiver. Waiver of the enforcement of any breach of this Agreement by either Party shall not constitute a continuing waiver of any subsequent breach by that Party of the same or any other provision of this Agreement.

p. Invalidation. The invalidation of unenforceability in any particular circumstances of any of the provisions of this Agreement will in no way affect any of the other provisions hereof, which will remain in full force and effect.

q. Applicable Law and Venue. This Agreement is made and shall be construed in accordance with the laws of the State of Colorado and the Ordinances, Rules, and

Regulations, however adopted, of the City. The Parties stipulate that the proper venue for any court action that might occur in connection with or as a result of this Agreement is Arapahoe County, Colorado.

r. No Costs or Fees. In the event of litigation, mediation or non-binding arbitration or other dispute resolution process arising out of this Agreement, the Parties agree that each Party shall pay its own costs and expenses, including attorneys' fees, with the exception that if litigation is dismissed for lack of subject matter jurisdiction for lack of a waiver under the CGIA, the moving party (either the City or the District) will not waive its attorney's fees and costs for obtaining that dismissal.

s. Counterparts of this Agreement. This Agreement may be executed in two or more counterparts, each of which shall be deemed an original and both or all of which together shall constitute one and the same instrument.

t. Power to Contract. Each Party warrants that it has the power to enter into this Agreement and that its signatory is authorized to bind it hereto.

u. Recordation. Following execution of this Agreement by both Parties hereto, the District shall cause this Agreement to be recorded with the Douglas County Clerk and Recorder's Office in Douglas County, Colorado.

On October 21, 2026, the Water Policy committee supported moving the South Adams water rights trade forward to the November 9, 2026 Study Session.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

South Adams County Water and Sanitation District, acting by and through its Activity Enterprise (SACWSD) and the City of Aurora, acting by and through its Utility Enterprise, have negotiated another trade of water rights in the South Platte River Basin which is mutually beneficial to both parties. This trade will take place concurrently with the true-up required in the previous trade (2021 Exchange Agreement) which was approved by Aurora's City Council on May 5, 2021.

The 2021 Exchange Agreement involved the trade from Aurora of 20 shares of the Burlington Ditch, Reservoir, and Land Company (Burlington), 1 share of the Wellington Reservoir Company (Wellington), and 156 shares of the Fulton Irrigation Ditch Company (Fulton) to SACWSD and 245 shares of the Lupton Meadows Ditch Company (LMDC) to Aurora from SACWSD.

Aurora's Everist Complex is adjacent to and surrounding the ditch system which delivers the LMDC shares, putting this water directly in a beneficial location for Aurora, while the Burlington, Wellington and Fulton shares are located on the east side of the South Platte River and a distance from any existing Aurora infrastructure. Conversely, Burlington, Wellington and Fulton are adjacent to SACWSD's infrastructure making them more ideal for SACWSD than the LMDC shares. The location of shares allows both parties to consolidate assets, while negating the need to build additional infrastructure on other ditch systems.

The SACWSD shares involved in the 2021 Exchange Agreement had been quantified and changed to municipal use in Water Court. However, the Aurora Fulton shares had not been changed to municipal use and remained unquantified in Water Court, leading to some uncertainty in the amount of water associated with Aurora's portion of the 2021 Exchange Agreement. Therefore, the parties agreed to a partial exchange of Aurora's shares for 245 shares from SACWSD with a true-up, or reconciliation, of the water after Water Court. Following the execution of the 2021 Exchange Agreement SACWSD initiated a Water Court application, 22CW3063, to quantify and change the Fulton shares for SACWSD's Municipal use. Upon completion of said decree and pursuant to Section 9(a) of the 2021 Exchange Agreement SACWSD is providing Aurora with 99 additional LMDC shares or true-up shares, to ensure both parties received the equivalent of 373.8 AF/CU.

The second trade of shares is a trade of Aurora's 55 Fulton shares which were previously changed, in the 09CW279 decree and have a quantified amount of 97 AF/CU. SACWSD will trade Aurora 106 changed LMDC shares, the equivalent of 97 AF/CU. The combination of the true-up and the second trade will result in Aurora acquiring an additional 205 LMDC shares.

WHEREAS, Aurora and SACWSD entered into that certain Intergovernmental Agreement for Exchange of Water dated June 8, 2021 (the "2021 Exchange Agreement") pursuant to which the Parties exchanged certain water rights and SACWSD pledged the Retained LMDC-LBD Shares for contingent conveyance to Aurora pending a final decree in SACWSD's application to the Water Court for Division 1 (the "Water Court") to change the use and place of use of certain water rights conveyed by Aurora to SACWSD pursuant to the 2021 Exchange Agreement. WHEREAS, Aurora and SACWSD have determined that their mutual interest would be better served by combining the True-Up Closing of the 2021 Exchange Agreement and the proposed Closing of this Agreement and, accordingly, the terms of the 2026 Intergovernmental Agreement provide for a joint closing of the True-Up Closing under the 2021 Exchange Agreement and the exchange of the Aurora Fulton Shares and the SACWSD LMDC-LBD Shares as provided for under the 2026 Intergovernmental Agreement; and

INTERGOVERNMENTAL AGREEMENT
FOR EXCHANGE OF WATER 2026

This INTERGOVERNMENTAL AGREEMENT FOR EXCHANGE OF WATER 2026 (this "Agreement") is made _____, 2026, between the CITY of AURORA, COLORADO, a Colorado municipal corporation of the Counties of Adams, Arapahoe and Douglas, acting by and through its UTILITY ENTERPRISE ("Aurora"), and SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT, a Colorado Special District, acting by and through its SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT ACTIVITY ENTERPRISE ("SACWSD"). Aurora and SACWSD shall each be referred to as a "Party" and collectively as the "Parties".

RECITALS

A. The Parties are authorized by Colorado law to cooperate and enter into intergovernmental agreements pursuant to Section 18(2) of Article XIV of the Colorado Constitution and C.R.S. § 29-1-203.

B. Aurora owns and operates a municipal water supply system that provides water for inhabitants of the City of Aurora and by contract to certain areas outside the City of Aurora.

C. SACWSD owns and operates a municipal water supply system that provides water for over 70,000 residents within its service area that covers 65 square miles entirely within Adams County. SACWSD operates pursuant to 32-1-101, *et seq.*, C.R.S. for the purpose of constructing, operating and maintaining certain public facilities and improvements, in accordance with its statement of purposes, as it may be amended from time to time.

D. Aurora owns 55 shares of capital stock in the Fulton Irrigation Ditch Company ("Fulton") represented by Fulton's share certificate No. 4243 (the "Aurora Fulton Shares") which shares were changed pursuant to Water Court case 2009CW279.

E. SACWSD owns shares of capital stock in the Lupton Meadows Ditch Company representing 592 shares in the Lupton Bottom Ditch Company ("LMDC-LBD") currently represented by LMDC-LBD certificate No. 0783 which shares were changed pursuant to Water Court case 01CW258 and are referred to in the 2021 Exchange Agreement (as defined in Recital F below) as the "Retained LMDC-LBD Shares."

F. The Parties entered into that certain Intergovernmental Agreement for Exchange of Water dated June 8, 2021 (the "2021 Exchange Agreement") pursuant to which the Parties exchanged certain water rights and SACWSD pledged the Retained LMDC-LBD Shares for contingent conveyance to Aurora under a future "True-Up" closing in the event that the final decree in SACWSD's application to the Water Court for Division 1 (the "Water Court") to change the use and place of use of the Aurora Water Rights conveyed by Aurora to SACWSD pursuant to the 2021 Exchange Agreement resulted in a Decreed CU Yield for the Aurora Water Rights that exceeded the Decreed CU Yield of the Initial SACWSD Trade Shares conveyed to Aurora pursuant to the 2021 Exchange Agreement. Capitalized terms used but not defined in this Agreement shall have the meaning ascribed in the 2021 Exchange Agreement.

G. Pursuant to the 2021 Exchange Agreement, following the initial closing thereunder, SACWSD made application to the Water Court to change the use and place of use of the water rights conveyed by Aurora to SACWSD through Water Court case 2022CW3063 (the "SACWSD Water Court Change Case"). The Water Court has entered a final unappealable decree in the SACWSD Water Court Change Case which decree resulted in a Decreed CU Yield for the Aurora Water Rights conveyed to SACWSD under the 2021 Exchange Agreement that exceeds the Decreed CU Yield of the Initial SACWSD Trade Shares conveyed to Aurora under the 2021 Exchange Agreement by approximately 91.2 acre-feet. Accordingly, the number of True-Up Shares (as defined in and pursuant to Section 9(a) of the 2021 Exchange Agreement) that SACWSD is obligated to convey to Aurora under the 2021 Exchange Agreement to ensure that the Decreed CU Yield of the True-Up Shares together with the Decreed CU Yield of the Initial SACWSD Trade Shares equals at least the Decreed CU Yield for the entirety of the Aurora Water Rights as decreed in the SACWSD Water Court Change Case shall be 99 of the Retained LMDC-LBD Shares, which True-Up Shares shall consist of the remaining 80 Retained LMDC-LBD Shares that were historically used on the Vincent Farm plus 19 Retained LMDC-LBD Shares that were historically used on the Welco Farm.

H. Water derived from the Aurora Water Rights (as defined in Recital K below) has been used to irrigate the respective parcels of real property described in the dry-up covenants identified on Exhibit A (the "Aurora Water Rights Irrigated Land").

I. Water derived from the SACWSD Water Rights (as defined in Recital J below) has been used to irrigate the respective parcels of real property described on Exhibit B (collectively, the "SACWSD Water Rights Irrigated Land" and, together with the Aurora Water Rights Irrigated Land, the "Historically Irrigated Land").

J. Separate and independent from the 2021 Exchange Agreement, Aurora has determined that its operations would be better served by obtaining and using 106 shares of the Retained LMDC-LBD Shares (the "SACWSD LMDC-LBD Shares") the water derived there from, and all beneficial rights, title, and interests in all water, water rights, ditches, ditch rights, reservoirs, reservoir rights, canals, canal rights, headgates, and all other assets, rights, title, or interests represented by the SACWSD LMDC-LBD Shares comprised of 106 of the LMDC-LBD shares changed in Water Court case 01CW258 and used on the Welco Farm (the "Welco Shares"), collectively hereinafter referred to as the "SACWSD Water Rights" and accordingly Aurora desires to obtain the SACWSD Water Rights in exchange for the Aurora Water Rights (as defined in Recital K below).

K. Separate and independent from the 2021 Exchange Agreement, SACWSD has determined that its operations would be better served by obtaining and using the Aurora Fulton Shares, the water derived there from, and all beneficial rights, title, and interests in all water, water rights, ditches, ditch rights, reservoirs, reservoir rights, canals, canal rights, headgates, and all other assets, rights, title, or interests represented by the Aurora Fulton Shares (collectively with the Aurora Fulton Shares, hereinafter referred to as the "Aurora Water Rights") and accordingly, SACWSD desires to obtain the Aurora Water Rights in exchange for the SACWSD Water Rights.

L. Aurora and SACWSD have determined that their mutual interest would be better served by combining the True-Up Closing of the 2021 Exchange Agreement and the proposed Closing on the additional exchange of water shares contemplated by this Agreement because combining the

two closings will result in lower transaction costs for the Parties as a result of completing a single joint closing instead of two separate closings and, accordingly, the terms of this Agreement provide for a joint closing of the True-Up Closing under the 2021 Exchange Agreement and the exchange of the Aurora Fulton Shares and the SACWSD LMDC-LBD Shares as provided for under this Agreement. This Agreement further provides a mechanism for the True-Up Closing under the 2021 Exchange Agreement to move forward in the event the additional exchange of water shares contemplated by this Agreement does not close under the terms of this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the adequacy and sufficiency of which is hereby acknowledged, Aurora and SACWSD hereby agree as follows:

AGREEMENT

1. Effective Date. The "Effective Date" of this Agreement shall be the later of the date on which Aurora or SACWSD has executed this Agreement.

2. Purchase and Sale. Subject to the terms and conditions set forth in this Agreement, Aurora agrees to sell, convey and assign the Aurora Water Rights to SACWSD and, in exchange therefor, SACWSD agrees to sell, convey and assign the SACWSD Water Rights to Aurora.

3. Consideration. The consideration for the transactions contemplated under this Agreement is the conveyance from Aurora to SACWSD of the Aurora Water Rights, the conveyance from SACWSD to Aurora of the SACWSD Water Rights and the True-Up Shares, the respective assignments of Dry-Ups by the Parties, and the Parties completion of the performance of their respective obligations under the 2021 Exchange Agreement, all as provided for herein.

4. Investigations.

   (a) The Parties agree that in order to consummate the transactions contemplated by this Agreement: (i) title to the Aurora Water Rights must be unencumbered and marketable in Aurora so the Aurora Water Rights may be delivered free, clear and unencumbered in any way to SACWSD and that SACWSD's obligations to proceed to Closing under this Agreement are specifically conditioned and contingent on Aurora possessing such title at the time of Closing; and (ii) title to the SACWSD Water Rights must be unencumbered and marketable in SACWSD so the SACWSD Water Rights may be delivered free, clear and unencumbered in any way to Aurora and that Aurora's obligations to proceed to Closing under this Agreement are specifically conditioned and contingent on SACWSD possessing such title at the time of Closing.

   (b) The Parties further agree that each Party's obligations to proceed to Closing under this Agreement are specifically conditioned and contingent on the other party providing evidence of a reasonable means to assure cessation of the use of any of the Water Rights historically used on the applicable Historically Irrigated Land (in each case, such condition the "Dry-Up") and, accordingly, each Party must provide

evidence of such Dry-Up for each Party's respective portions of the Historically Irrigated Land by such means as approved by the other Party during the Due Diligence Period (as defined in Section 5 below). If such Dry-Up is evidenced by a covenant and or easement permitting or requiring the same (each, a "Dry-Up Covenant"); the Party or third-party granting such Dry-Up Covenant must, as of the date of such grant, have or have had sufficient right, title and interest in the applicable Historically Irrigated Land so as to be able to deliver sufficient right title and interest to the subject Dry-Up Covenant(s) subject only to those matters of title approved by the Party taking title to such prior to Closing.

(c) On or before the date which is 5 days after the Effective Date, each Party shall have delivered to the other the following: (i) a complete copy of the certificates for the shares representing such Party's Water Rights (front and back); (ii) recorded copies of any existing Dry-Up Covenants with respect to any portion of the Historically Irrigated Land attributable to such Party's Water Rights; (iii) copies of any leases or other use agreements held by third parties with respect to such Party's water rights to be conveyed pursuant to this Agreement; and (iv) copies of any leases or other possessory interests held by third parties with respect to such Party's Historically Irrigated Land to the extent in the possession of such Party and written disclosure of any such leases or possessory interests of which such Party has knowledge. Additionally, upon request of either Party, the other Party will provide written consent in a form acceptable to the subject ditch company for any of such Party's shares representing the applicable Water Rights consenting to the requesting Party's review of such ditch company's records that relate to the ownership and status of the applicable shares.

(d) On or before the date which is 5 days after the Effective Date, Aurora shall have delivered to SACWSD any and all: (i) engineering reports, estimates, historical use affidavits or other documents in Aurora's possession or otherwise reasonably available to Aurora relating to or concerning the historical use of the Aurora Water Rights and the ground water levels under the Aurora Historically Irrigated Land, including the historical consumptive use and the historical stream depletions of the Aurora Water Rights; (ii) owner's and encumbrances reports in Aurora's possession related to the Aurora Historically Irrigated Land; (iii) share traces in Aurora's possession related to the Aurora Shares; (iv) any deed, stock certificate, contract or other instrument conveying or assigning the Aurora Shares to Aurora; and (v) any dry-up covenant, assignment of dry-up covenant or agreement related to the Aurora Historically Irrigated Land.

(e) Each Party agrees it will be responsible for the costs of its own evaluation of any materials necessary to determine the status of the Water Rights and Historically Irrigated Land. Each Party hereby further consents to the other Party's lawful actions in obtaining information related to notes, mortgages, deeds of trust, encumbrances, liens, taxes or any other claims upon the Water Rights or Historically Irrigated Land. On or before the date which is 5 days after the Effective Date, each Party shall deliver to the other copies of all documents evidencing or constituting an encumbrance or that otherwise affects title to such Party's Water

Rights or that would prevent the Party from conveying the subject Water Rights free and clear of all liens and encumbrances at Closing, if any. In addition, each Party agrees to provide to such other Party such documents as the other Party may reasonably request to prove the Party holds good title to the subject Water Rights and that the same can be delivered free and clear of all liens and encumbrances at Closing.

(f) Notwithstanding any other provisions of this Agreement, if a Party does not have such free and unencumbered and marketable title in their respective water rights or is unable to deliver satisfactory assignments of the Dry-Ups as of the Closing Date (as defined in Section 10**Error! Reference source not found.** below), the other Party may terminate this Agreement, in which case the Parties will be released from their obligations hereunder to close on the exchange of the SACWSD Water Rights (i.e. the 106 LMDC-LBD shares) for the Aurora Water Rights (i.e. the 55 Fulton Shares), but shall not be released from completing the True-Up Closing under the 2021 Exchange Agreement as set forth in Section 9(c), below .

5. Due Diligence Period. The due diligence period runs beginning on the Effective Date until the date which is [90] days thereafter (the "Due Diligence Period"). During the Due Diligence Period, either Party may terminate this Agreement for any reason or no reason in which case such termination will not constitute a breach of a covenant or condition of this Agreement and will not constitute an event of default by Aurora or SACWSD under this Agreement. Within 30 days of the expiration of the Due Diligence Period, either Party may, but shall not be required to, identify in writing any objections as to the other Party's right, title or interest in their respective water rights or ability to deliver satisfactory Dry-Up Covenants as of the Closing Date (each, an "Objection Notice"). A Party receiving an Objection Notice may, but shall not be required to, deliver, in such Party's sole discretion, a response stating whether and how such Party agrees to cure any or all of the objections raised in the Objection Notice on or before Closing (each, an "Objection Response"). Each Objection Response shall be provided to the other Party within 15 days of the Objection Notice. DRY-UP COVENANT

A. On and after December 5, 1988, First National Bank of Longmont and Cherry Creek National Bank (collectively "Grantors") covenant and agree that the water and water rights evidenced by Certificate No. 550, representing 512 shares of the capital stock of the Lupton Meadows Ditch Company (the "Water Rights") shall not be used in connection with the real property described in Attachment 1 hereto (the "Property"), without the express written permission of Kiowa Resources, Inc., 1546 Cole Boulevard, Suite 265, Golden, Colorado 80401 ("Grantee"), its successors or assigns, which permission may be withheld in Grantee's sole discretion.

B. Grantors further covenant and agree to permit Grantee at Grantee's expense to take those actions reasonably necessary to eliminate any consumptive use attributable to the Water Rights on those portions of the Property which were historically irrigated by the Water Rights, or such lesser portion thereof as determined necessary by a court or other tribunal of competent jurisdiction in the judgment and decree entered in any case involving the change or exchange of any of the Water Rights. If so required by any water court decree obtained by Grantee, or its successors or assigns, in any future water court proceeding involving the Water Rights, Grantors further covenant and agree to permit Grantee at Grantee's expense to take those actions reasonably necessary to eliminate any consumptive use of water on those portions of the Property historically irrigated by the Water Rights; provided, however, that (i) home gardens and lawns not to exceed two acres associated with the residence existing on the Property as of the date of this Covenant may be irrigated with water other than the Water Rights; (ii) home gardens and lawns not to exceed one acre associated with one residence to be constructed on each of the three parcels of the Property which currently do not contain a residence may be irrigated with water other than the Water Rights (Parcels 1 and 2 as described on Attachment 1 to this Covenant have been merged and shall together be considered as one parcel for the purposes of this provision); (iii) in-house domestic use of water in connection with up to four residences on the Property shall be permitted; and (iv) other irrigation of the Property may occur with the prior written consent of Grantee, its successors or assigns, which may be withheld in Buyer's sole discretion. As evidenced by the Affidavit of Use dated December 5, 1988, executed by Grantors, approximately 273 acres of the Property have been irrigated by the Water Rights in 1988.

C. Grantors hereby grant Grantee a non-exclusive, perpetual easement for the purpose of access to and over the

The grant of this easement is expressly conditioned upon Grantee's obligation to conduct any necessary actions on the Property in a reasonable manner and upon reasonable notice to Grantors, or their successors or assigns, so as to minimize any damage to growing crops and any interference with Grantors' ownership, use, or enjoyment of the Property, subject to the provisions of this Dry-Up Covenant.

D. This Covenant may be enforced by Grantee or by any party having any right, title or interest in the Water Rights, or any part thereof, its heirs, successors, and assigns, or by the State Engineer of the State of Colorado, at any time in any action at law or in equity. Partial Assignment of Dry-Up Covenant
[Vincent]

This Partial Assignment of Dry-Up Covenant ("Assignment") is made as of the 17th day of January, 2022 ("Effective Date"), from SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT, a Colorado Special District, acting by and through its SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT ACTIVITY ENTERPRISE, with an address of 6595 E. 70th Avenue, Commerce City, CO 80022 ("Assignor"), to CITY of AURORA, COLORADO, a Colorado municipal corporation of the Counties of Adams, Arapahoe and Douglas, acting by and through its UTILITY ENTERPRISE, with an address of 15151 East Alameda Parkway, Suite 5300, Aurora, CO 80012-1555 ("Assignee").

A. Pursuant to that certain Intergovernmental Agreement for Exchange of Water dated June 8, 2021 between Assignor and Assignee (the "Contract"), Assignor has conveyed one hundred twenty (120) shares of stock in the Lupton Bottoms Ditch Company (Meadow Island No. 1) ("Ditch Company"), as represented by Share Certificate Number 0728 and all right title and interest attributable to such shares ("Water Rights") to Assignee.

B. Assignor is the beneficiary of that certain Dry-Up Covenant dated February 26, 1991 and recorded with the Clerk and Recorder, Weld County, CO on February 26, 1991 at Reception No. 02242336. A copy of which is attached hereto as Exhibit A (the "Dry-Up Covenant") with respect to the property historically irrigated by the Water Rights and identified in the Dry-Up Covenant (the "Historically Irrigated Land") and as shown on the map attached hereto as Exhibit B depicting the land described in the Dry-Up Covenant.

C. Pursuant to the Contract, Assignor is obligated to assign its interests in the Dry-Up Covenant to Assignee.

Agreement

NOW THEREFORE, Assignor, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby covenant and agree as follows:

1. Assignment. Assignor hereby assigns transfers and conveys to Assignee an undivided 60% interest of Assignor's right, title and interest in and to the Dry-Up Covenant (the

1

A-1

"Assigned Percentage Interest"). Assignee shall succeed to the rights and responsibilities of Assignor under the Dry-Up Covenant with respect to the Assigned Percentage Interest and Assignor shall retain an undivided interest of the remaining right title and interest in the Dry-Up Covenant (the "Retained Percentage Interest").

2. Exercise of Dry-Up Rights.

(a) If either Assignor or Assignee determines in its reasonable discretion that it needs to exercise the rights granted under the Dry-Up Covenant to comply with the dry-up and revegetation requirements of District Court, Water Division No. 1, Case No. 01CW258 or a modification of the same or as may be required by the Colorado Division of Water Resources or another authority having jurisdiction over the dry-up and/or and revegetation of the Historically Irrigated Land (including the modification or installation of infrastructure on the Historically Irrigated Land) (the "Required Work") such party may exercise such rights and perform the Required Work subject to the terms of this Section 2. The party so desiring to exercise its rights and perform the Required Work shall provide prior written notice to the other party identifying the scope of Required Work and at least two bids for such work. The notice will identify the reasons why the Required Work is necessary for compliance with the dry-up and/or revegetation requirements of the decree or applicable authority and as well as the bid proposed by the requesting party. The non-requesting party shall have 20 days to review and respond to such proposal and bid packages. If the non-requesting party fails to approve the proposal or provide a rejection of such proposal within such time, the non-requesting party will be deemed to have accepted the proposal. The non-requesting party may reject the proposal if such party asserts that the proposal is not necessary to comply with the dry-up or revegetation requirements of the decree or of the applicable authority or that the proposed bidder for the Required Work is not qualified to perform such work. If the non-requesting party rejects the proposal, the parties shall work in good faith to resolve the scope of work and appropriate bid. Upon acceptance or deemed acceptance of a proposal, the requesting party may commence the Required Work and the parties shall share the documented third-party costs incurred by the requesting party for the Required Work under the applicable bid (the "Dry-Up Work Costs"). Each party shall bare its own costs for preparing and reviewing the proposal. The non-requesting party shall reimburse the requesting party for its pro-rata share of such the Dry-Up Work Costs upon invoice (and reasonable documentation) from the requesting party. The parties' respective pro-rata share of the Dry-Up Work Costs shall be: Assignee – the Assigned Percentage Interest; and Assignor – the Retained Percentage Interest.

(b) Without limiting the foregoing, either party may elect to perform Required Work at its own expense, in which case such party may perform such Required Work without the other party's consent or approval.

3. Successors and Assigns. Neither Assignor nor Assignee may assign its rights or delegate its duties hereunder without the prior written consent of the other party, which consent will not be unreasonably withheld. This Agreement and the rights and obligations created hereby shall be binding upon and inure to the benefit of the parties and their respective successors and assigns permitted under this Agreement.

4. Notice. All notices, requests, demands, or other communications (collectively, "Notices") hereunder shall be in writing. All such notices, payments and communications will be deemed to have been duly given on the date of service, if delivered and served personally on the recipient or if delivered by email; on the next business day after deposit for overnight delivery by a courier service such as Federal Express; or on the third business day after mailing, if mailed to the recipient by first-class mail, postage prepaid, and properly addressed as follows:

DRY-UP COVENANT

A. On and after February 25, 1991, The Vincent Partnership, a Colorado general partnership (the "Grantor"), covenants and agrees that the water and water rights evidenced by Lupton Meadows Ditch Company Certificate No. 862, representing 200 shares of the capital stock of the Lupton Meadows Ditch Company (the "Water Rights"), shall not be used in connection with the real property described in Attachment 1 hereto (the "Property"), without the express written permission of Kiowa Resources, Inc., 1546 Cole Boulevard, Suite 265, Golden, Colorado 80401 ("Grantee"), its successors or assigns, which permission may be withheld in Grantee's sole discretion.

B. Grantor further covenants and agrees to take those actions reasonably necessary to eliminate any consumptive use of water for agricultural or commercial irrigation purposes on those portions of the Property which were historically irrigated by the Water Rights, or such lesser portion thereof as determined by a court or other tribunal of competent jurisdiction in the judgment and decree entered in any case involving the change or exchange of any of the Water Rights. In the event a final judgment and decree is entered by a court or other tribunal, Grantor may apply to such court or other tribunal for permission to reirrigate the property from sources other than the Water Rights, provided that such application does not, in any manner, conflict with the final decree or judgment or result in any rehearing or challenge of the findings of the court or other tribunal. As evidenced by the Affidavit of Use dated February 26, 1991, executed on behalf of Grantor, all of the Property has been historically irrigated by the Water Rights. This provision shall not prevent or prohibit the use of ground water or surface water from other than the Lupton Meadows Ditch, whether treated or untreated, for purposes other than agricultural irrigation, including but not limited to domestic and municipal uses, including lawn watering.

C. Grantor hereby grants Grantee a non-exclusive easement for the purpose of access to and over the Property as may be reasonably necessary to take actions to effectuate and enforce this Covenant, including but not limited to the alteration and removal of ditches, and to conduct any monitoring or testing activity that may be a precondition for changing the Water Rights to a new use or place of use. This easement shall be limited in duration to the longer of (1) five years from the date a final judgment and decree is

DRY-UP COVENANT

A. On and after December 5, 1988, First National Bank of Longmont and Cherry Creek National Bank (collectively "Grantors") covenant and agree that the water and water rights evidenced by Certificate No. 550, representing 512 shares of the capital stock of the Lupton Meadows Ditch Company (the "Water Rights") shall not be used in connection with the real property described in Attachment 1 hereto (the "Property"), without the express written permission of Kiowa Resources, Inc., 1546 Cole Boulevard, Suite 265, Golden, Colorado 80401 ("Grantee"), its successors or assigns, which permission may be withheld in Grantee's sole discretion.

B. Grantors further covenant and agree to permit Grantee at Grantee's expense to take those actions reasonably necessary to eliminate any consumptive use attributable to the Water Rights on those portions of the Property which were historically irrigated by the Water Rights, or such lesser portion thereof as determined necessary by a court or other tribunal of competent jurisdiction in the judgment and decree entered in any case involving the change or exchange of any of the Water Rights. If so required by any water court decree obtained by Grantee, or its successors or assigns, in any future water court proceeding involving the Water Rights, Grantors further covenant and agree to permit Grantee at Grantee's expense to take those actions reasonably necessary to eliminate any consumptive use of water on those portions of the Property historically irrigated by the Water Rights; provided, however, that (i) home gardens and lawns not to exceed two acres associated with the residence existing on the Property as of the date of this Covenant may be irrigated with water other than the Water Rights; (ii) home gardens and lawns not to exceed one acre associated with one residence to be constructed on each of the three parcels of the Property which currently do not contain a residence may be irrigated with water other than the Water Rights (Parcels 1 and 2 as described on Attachment 1 to this Covenant have been merged and shall together be considered as one parcel for the purposes of this provision); (iii) in-house domestic use of water in connection with up to four residences on the Property shall be permitted; and (iv) other irrigation of the Property may occur with the prior written consent of Grantee, its successors or assigns, which may be withheld in Buyer's sole discretion. As evidenced by the Affidavit of Use dated December 5, 1988, executed by Grantors, approximately 271 acres of the Property have been irrigated by the Water Rights in 1988.

C. Grantors hereby grant Grantee a non-exclusive, perpetual easement for the purpose of access to and over the

Property as may be reasonably necessary to take actions to effectuate and enforce this Covenant, including but not limited to the alteration and removal of ditches, and to conduct any monitoring or testing activity that may be a precondition for changing the Water Rights to a new use or place of use. The grant of this easement is expressly conditioned upon Grantee's obligation to conduct any necessary actions on the Property in a reasonable manner and upon reasonable notice to Grantors, or their successors or assigns, so as to mininize any damage to growing crops and any interference with Grantors' ownership, use, or enjoyment of the Property, subject to the provisions of this Dry-Up Covenant.

D. This Covenant may be enforced by Grantee or by any party having any right, title or interest in the Water Rights, or any part thereof, its heirs, successors, and assigns, or by the State Engineer of the State of Colorado, at any time in any action at law or in equity. Depiction of Subject Property

Exhibit G
Form of Depletion Credit Allocation Agreement

DEPLETION CREDIT ALLOCATION
INTERGOVERNMENTAL AGREEMENT

This DEPLETION CREDIT ALLOCATION INTERGOVERNMENTAL AGREEMENT (this "Allocation Agreement") is made _____, 2026, between the CITY of AURORA, COLORADO, a Colorado municipal corporation of the Counties of Adams, Arapahoe and Douglas, acting by and through its UTILITY ENTERPRISE ("Aurora"), and SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT, a Colorado Special District, acting by and through its SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT ACTIVITY ENTERPRISE ("SACWSD"). Aurora and SACWSD shall each be referred to as a "Party" and collectively as the "Parties".

RECITALS

A. The Parties are authorized by Colorado law to cooperate and enter into intergovernmental agreements pursuant to Section 18(2) of Article XIV of the Colorado Constitution and C.R.S § 29-1-203.

B. Aurora owns and operates a municipal water supply system that provides water for inhabitants of the City of Aurora and by contract to certain areas outside the City of Aurora.

C. SACWSD owns and operates a municipal water supply system that provides water for over 70,000 residents within its service area that covers 65 square miles entirely within Adams County. SACWSD operates pursuant to 32-1-101, *et seq.*, C.R.S. for the purpose of constructing, operating and maintaining certain public facilities and improvements, in accordance with its statement of purposes, as it may be amended from time to time.

D. The Parties entered into that certain Intergovernmental Agreement for Exchange of Water dated June 8, 2021 (the "2021 Agreement") pursuant to which the Parties agreed to exchange certain water rights and other related rights including, without limitation, certain rights to dry-up certain portion of the Historically Irrigated Land as defined in the 2021 Agreement.

E. The 2021 Agreement also provided for a second closing defined therein as the True-Up Closing pursuant to which Aurora would be entitled to the conveyance of additional SACWSD Water Rights from the Retained LMDC-LBD Shares depending on the result of the SACWSD Water Court Change Case.

F. SACWSD caused the Retained LMDC-LBD Shares, along with other ditch company shares, to be changed for augmentation, municipal, domestic, industrial, commercial and other uses under that certain Findings of Fact, Conclusions of Law, Judgment and Decree issued by the Water Court for Division 1 under Case Number 2001CW258 ("01CW258 Decree").

G. As confirmed by the 01CW258 Decree, 512 of the Retained LMDC-LBD Shares (the "Welco Shares"), were historically used on certain land identified in the 01CW258 Decree as the "Welco Parcel". The number of True-Up Shares (as defined in and pursuant to Section 9(a) of the

2021 Agreement) shall be 99 of the Retained LMDC-LBD Shares of which 19 Retained LMDC-LBD Shares were historically used on the Welco Parcel.

H. The Parties subsequently entered into that certain other Intergovernmental Agreement for Exchange of Water 2026 dated _____, 2026 (the "2026 Agreement") pursuant to which the Parties agreed to exchange certain water rights including the conveyance by SACWSD to Aurora of an additional 106 of the Welco Parcel shares currently represented by LMDC-LBD certificate No. 0783 (the "2026 SACWSD Exchange Shares") which 2026 SACWSD Exchange Shares are separate and distinct from the True-Up Shares.

I. At the closing under the 2026 Agreement, SACWSD conveyed the 106 2026 SACWSD Exchange Shares and the 19 Welco Parcel True-Up Shares to Aurora for a total of 125 Welco Shares.

J. Following the closing under the 2026 Agreement, Aurora owns a total of 125 of the 512 Welco Shares, which equates to 24.4% of the Welco Shares, and SACWSD owns 387 of the 512 Welco Shares, which equates to 75.6% of the Welco Shares.

K. The Depletion Credits (as defined in the 01CW258 Decree) for the Welco Shares could potentially be reduced in the future under the 01CW258 Decree due to the future development of high groundwater table conditions on portions of the Welco Parcel that were not identified as having a relatively high groundwater table as of the date of entry of the 01CW258 Decree. The Parties desire to share any future loss of Depletion Credits for the Welco Shares pursuant to the terms and conditions set forth herein.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the adequacy and sufficiency of which is hereby acknowledged, Aurora and SACWSD hereby agree as follows:

AGREEMENT

1. Capitalized Terms. Capitalized terms used but not defined herein shall have the same meaning as set forth in the 2021 Agreement and the 2026 Agreement.

2. Effective Date. The "Effective Date" of this Agreement shall be the later of the date on which Aurora or SACWSD has executed this Agreement.

3. Depletion Credit Challenge; Depletion Credit Loss. If either Party receives notice from the Water Court, the State Engineer, the Division Engineer for Water Division 1, or any other authority having jurisdiction over use of the Welco Shares asserting that any Welco Shares are entitled to less than the full amount of Depletion Credit (as defined in Section 12 of the 01CW258 Decree) attributable to such part of the Welco Shares based on an assertion that portions of the Welco Parcel have not been effectively dried-up in accordance with the 01CW258 Decree (each such assertion, an "HCU Challenge") then, upon receipt of an HCU Challenge the receiving Party will give prompt notice to the other Party of such HCU Challenge. Upon receipt of such notice, the Parties shall coordinate on a response to the party or parties asserting the HCU Challenge. If the Parties are not able to obtain a final and unappealable resolution of such HCU Challenge that results in the preservation of the

entirety of the Depletion Credits available to the Welco Shares under the 01CW258 Decree and, as a result, the Depletion Credits available to the Welco Shares are reduced (such reduction, the "Depletion Credit Loss"), then the Parties will share such Depletion Credit Loss on a pro-rata basis with 75.6% of any such Depletion Credit Loss assessed against SACWSD's 387 Welco Shares and 24.4% of any such Depletion Credit Loss assessed against Aurora's 125 Welco Shares.

4. Binding Effect and Assignability. This Allocation Agreement and the rights and obligations created hereby shall be binding upon and shall inure to the benefit of the Parties and their respective successors and assigns, if any, with respect to the Welco Shares.

5. Sole Obligation of Utility Enterprise.

(a) This Agreement shall never constitute a general obligation or other indebtedness of the City of Aurora (the "City"), or a multiple fiscal year direct or indirect debt or other financial obligation whatsoever of the City within the meaning of the Constitution and laws of the State of Colorado or of the Charter and ordinances of the City.

(b) In the event of a default by Aurora's Utility Enterprise of any of its obligations under this Agreement, SACWSD shall have no recourse for any amounts owed to it against any funds or revenues of the City except for those revenues derived from rates, fees or charges for the services furnished by, or the direct or indirect use of, the Water System and deposited in the Water Enterprise Fund, as the terms "Water System" and "Water Enterprise Fund" are defined in City Ordinance No. 2003-18, and then only after the payment of all operation and maintenance expenses of the Water System and all debt service and reserve requirements of any bonds, notes, or other financial obligations of the Utility Enterprise secured by a pledge of the net revenues of the Water Enterprise Fund. Notwithstanding any language herein to the contrary, nothing in this Agreement shall be construed as creating a lien upon any revenues of the Utility Enterprise or the City.

6. Annual Appropriation of SACWSD. SACWSD's Board of Directors has budgeted and appropriated funds for the performance of its obligations hereunder, which appropriation is effective for the remainder of SACWSD's 2026 budget year. Any financial obligations of SACWSD hereunder to be incurred in future budget years shall be subject to the annual appropriation of funds therefor, which appropriations, if made, shall be made in the budgetary discretion of the SACWSD Board of Directors. If SACWSD fails to appropriate funds for its obligations under this Agreement for any budget year, SACWSD shall give Aurora written notice of such failure before the commencement of said budget year and Aurora shall not be required to provide SACWSD Augmentation Capacity for such budget year and may, in its discretion, either (i) terminate this Agreement upon written notice to SACWSD or (ii) waive its right to terminate this Agreement in which case Aurora may terminate this Agreement if SACWSD fails to appropriate funds for any subsequent budget year.

7. Sole Obligation of SACWSD Activity Enterprise.

(a) This Agreement shall never constitute a general obligation or other indebtedness of the South Adams County Water and Sanitation District's general fund (the "District"), or a multiple fiscal year direct or indirect debt or other financial obligation whatsoever of the District within the meaning of the Constitution and laws of the State of Colorado.

(b) In the event of a default by SACWSD's Activity Enterprise of any of its obligations under this Agreement, Aurora shall have no recourse for any amounts owed to it against any funds or revenues of the District except for those revenues derived from rates, fees or charges for the services furnished by, or the direct or indirect use of, the System (as the term "System" is defined in the District's Water Activities Enterprise Status Resolution dated October 11, 1995) and deposited into the District's Water and Sewer Enterprise Operations Fund, and then only after the payment of all operation and maintenance expenses of the System and all debt service and reserve requirements of any bonds, notes, or other financial obligations of the Activity Enterprise secured by a pledge of the net revenues of the Water and Sewer Enterprise Operations Fund. Notwithstanding any language herein to the contrary, nothing in this Agreement shall be construed as creating a lien upon any revenues of the Activity Enterprise or the District.

8. Miscellaneous.

(a) *Intent of Agreement.* This Agreement is intended to describe the rights and responsibilities of and between the named Parties and is not intended to, and shall not be deemed to confer rights upon any persons or entities not named as parties or as authorized assigns, nor to limit in any way the powers and responsibilities of Aurora, SACWSD, or any other entity not a party or assign hereto. Without limiting the foregoing, the Parties agree that there are no third-party beneficiaries of this Agreement.

(b) *Entire Agreement.* This Agreement represents the entire agreement of the Parties with respect to the matters set forth herein.

Addendum 1
2021 Exchange Agreement Amendment

CONTINGENT FIRST AMENDMENT TO
INTERGOVERNMENTAL AGREEMENT
FOR 2021 EXCHANGE OF WATER

This CONTINGENT FIRST AMENDMENT to the INTERGOVERNMENTAL AGREEMENT FOR 2021 EXCHANGE OF WATER (this "Amendment") is made _____ __, 202_, between the CITY of AURORA, COLORADO, a Colorado municipal corporation of the Counties of Adams, Arapahoe and Douglas, acting by and through its UTILITY ENTERPRISE ("Aurora"), and SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT, a Colorado Special District, acting by and through its SOUTH ADAMS COUNTY WATER AND SANITATION DISTRICT ACTIVITY ENTERPRISE ("SACWSD"). Aurora and SACWSD shall each be referred to as a "Party" and collectively as the "Parties".

RECITALS

A. The Parties are authorized by Colorado law to cooperate and enter into intergovernmental agreements pursuant to Section 18(2) of Article XIV of the Colorado Constitution and C.R.S § 29-1-203.

B. Aurora owns and operates a municipal water supply system that provides water for inhabitants of the City of Aurora and by contract to certain areas outside the City of Aurora.

C. SACWSD owns and operates a municipal water supply system that provides water for over 70,000 residents within its service area that covers 65 square miles entirely within Adams County. SACWSD operates pursuant to 32-1-101, *et seq.*, C.R.S. for the purpose of constructing, operating and maintaining certain public facilities and improvements, in accordance with its statement of purposes, as it may be amended from time to time.

D. The Parties entered into that certain Intergovernmental Agreement for Exchange of Water dated June 8, 2021 (the "2021 Exchange Agreement") pursuant to which the Parties agreed to exchange certain water rights and other related rights including, without limitation, certain rights to dry-up certain portion of the Historically Irrigated Land as defined in the 2021 Exchange Agreement.

E. The 2021 Exchange Agreement also provided for a second closing defined as the True-Up Closing pursuant to which Aurora would be entitled to the conveyance of additional SACWSD Water Rights from the Retained LMDC-LBD Shares depending on the result of the SACWSD Water Court Change Case.

F. Following the initial closing under the 2021 Exchange Agreement, SACWSD made application to the Water Court to change the use and place of use of the water rights conveyed by Aurora to SACWSD through Water Court case 2022CW3063 (the "SACWSD Water Court Change Case"). The Water Court has entered a final unappealable decree in the SACWSD Water Court Change Case which decree resulted in a Decreed CU Yield such that the number of True-Up Shares (as defined in and pursuant to Section 9(a) of the 2021 Exchange Agreement) shall be 99 of the Retained LMDC-LBD Shares.

G. The Parties subsequently entered into that certain other Intergovernmental Agreement for Exchange of Water 2026 dated _____, __, 2026 (the "2026 Exchange Agreement") pursuant to which the Parties agreed to exchange certain water rights including, in addition to the True-Up Shares, the conveyance by SACWSD to Aurora of 106 of the Retained LMDC-LBD Shares (the "2026 Exchange Shares").

H. Pursuant to the terms of the 2026 Exchange Agreement, one or both of the Parties elected not to proceed to closing thereunder and accordingly, pursuant to Section [9(c)] of the 2026 Exchange Agreement, the Parties agreed to proceed to the True-Up Closing under the 2021 Exchange Agreement as amended by this Amendment.

NOW, THEREFORE, for and in consideration of the mutual promises and covenants contained herein, and other good and valuable consideration, the adequacy and sufficiency of which is hereby acknowledged, Aurora and SACWSD hereby agree as follows:

AGREEMENT

1. Capitalized Terms. Capitalized terms used but not defined herein shall have the same meaning as set forth in the 2021 Exchange Agreement, and all references to the 2021 Exchange Agreement shall be deemed to refer to the 2021 Exchange Agreement as amended hereby.

2. Effective Date. The "Effective Date" of this Amendment shall be the later of the date on which Aurora or SACWSD has executed this Amendment.

3. True-Up Shares. The 99 True-Up Shares referenced in Recital F above shall consist of the remaining 80 Retained LMDC-LBD Shares that were historically used on the Vincent Farm plus 19 Retained LMDC-LBD Shares that were historically used on the Welco Farm. Accordingly, at the True-Up Closing, SACWSD shall convey the True-Up Shares using the SACWSD to Aurora Deed attached as Exhibit J to the 2026 Exchange Agreement; provided that the number of shares to be conveyed shall be changed from 205 to 99 shares.

4. Dry-Up Covenant for True-Up Shares. At the True-Up Closing, SACWSD shall deliver the following dry-up agreements: (a) the Vincent Dry-Up Covenant Amendment attached as Exhibit E to the 2026 Exchange Agreement and (b) the Welco True-Up Shares Dry-Up Covenant Assignment attached as Exhibit D to the 2026 Exchange Agreement.

5. Augmentation Station Agreement. At the True-Up Closing, each Party shall execute and deliver counterparts of the Amendment to Augmentation Station Agreement attached as Exhibit H to the 2026 Exchange Agreement; provided, that the Amendment to Augmentation Station Agreement shall be modified as described below.

   (a) Recital G and Recital H are deleted in their entirety.

   (b) Recital I is deleted in its entirety and replaced with the following:

   "G *Pursuant to the Agreement, the SACWSD Augmentation Capacity (also referred to therein as "Augmentation Capacity") is to be reduced to the extent that SACWSD conveys*

any part of the SACWSD Retained LMDC-LBD Shares as provided for in Section 2(e) of the Agreement which amount conveyed under the True-Up Closing is 99 SACWSD Retained LMDC-LBD Shares."

(c) Recital J is renamed Recital H.

(d) Section 3 is deleted in its entirety and replaced with the following:

"*SACWSD Augmentation Capacity. Effective as of the Effective Date, the Permanent SACWSD Augmentation Capacity Flow Rate is reduced from 9.0 cfs to 7.495 cfs which constitutes the reduction of 1.505 cfs (i.e., 0.0152 cfs x 99 Retained LMDC-LBD Shares) and the Agreement is hereby amended in all respects necessary to reflect such reduction.*"

6. Depletion Credit Allocation. At the True-Up Closing, each Party shall execute and deliver counterparts of the Depletion Credit Allocation Agreement attached as Exhibit G to the 2026 Exchange Agreement; provided, that the Depletion Credit Allocation Agreement shall be modified as described below.

(a) Recital H and Recital I are deleted in their entirety.

(b) Recital J is deleted in its entirety and replaced with the following:

"*Following the True-Up Closing, Aurora owns a total of 19 of the 512 Welco Shares, which equates to 3.71% of the Welco Shares, and SACWSD owns 493 of the 512 Welco Shares, which equates to 96.29% of the Welco Shares.*"

(c) The last sentence of Section 3 is deleted in its entirety and replaced with the following:

"*If the Parties are not able to obtain a final and unappealable resolution of such HCU Challenge that results in the preservation of the entirety of the Depletion Credits available to the Welco Shares under the 01CW258 Decree and, as a result, the Depletion Credits available to the Welco Shares are reduced (such reduction, the "Depletion Credit Loss"), then the Parties will share such Depletion Credit Loss on a pro-rata basis with 96.29% of any such Depletion Credit Loss assessed against SACWSD's 493 Welco Shares and 3.71% of any such Depletion Credit Loss assessed against Aurora's 19 Welco Shares.*"

7. Miscellaneous.

(a) *Intent of Agreement.* This Amendment is intended to describe the rights and responsibilities of and between the named Parties and is not intended to, and shall not be deemed to confer rights upon any persons or entities not named as parties or as authorized assigns, nor to limit in any way the powers and responsibilities of Aurora, SACWSD, or any other entity not a party or assign hereto. Without limiting the foregoing, the Parties agree that there are no third-party beneficiaries of this Amendment.

(b) *Entire Agreement.* This Amendment represents the entire agreement of the Parties with respect to the matters set forth herein.

(c) *Force and Effect; No Conflict.* Except as expressly amended hereby, the 2021 Exchange Agreement shall remain in full force and effect. In the event of any conflict between the 2021 Exchange Agreement and this Amendment, the terms and conditions of this Amendment shall control. All other terms and conditions stated in the 2021 Exchange Agreement shall remain unchanged.

QUESTIONS FOR COUNCIL

Does Council approve moving this item forward to Regular Session?

LEGAL COMMENTS

City Council may, by resolution, enter Into Intergovernmental agreements with other governmental units or special districts for the joint use of buildings, equipment or facilities, and for furnishing or receiving commodities or services. (City Charter §10-12). (Platt)

INTERGOVERNMENTAL AGREEMENT

Between the City of Aurora and Arapahoe County

Regarding Law Enforcement Authority Within Designated Boundaries

I. PARTIES

This Intergovernmental Agreement ("Agreement") is entered into by and between the City of Aurora, Colorado, acting by and through its Police Department ("Aurora Police Department" or "APD"), and the Board of County Commissioners of the County of Arapahoe, Colorado, on behalf of the Arapahoe County Sheriff's Office ("ACSO"), collectively referred to as "the Parties."

II. AUTHORITY

This Agreement is entered into pursuant to the authority granted by Colo. Const. Art. XIV, Section 18 and section § 29-1-203 of the Colorado Revised Statutes, which permits governmental entities to cooperate and contract with one another to provide services and exercise lawful authority.

III. DEFINITIONS

Designated Enforcement Area: The geographic area of Arapahoe County, Colorado, further delineated below in Section V, in which APD is authorized to engage in Proactive Law Enforcement Activities. This area is commonly known as the Nine Mile Station platform area (*see* **Attachment 1** for a map of the Designated Enforcement Area).

Proactive Law Enforcement Activities: For the purposes of this Agreement, shall mean law enforcement actions initiated by officers based on identified crime trends, intelligence, or observations, rather than in response to dispatched calls for service. Such actions include, but are not limited to, directed patrols, consensual contacts, field interviews, surveillance, and other preventative enforcement efforts intended to deter, detect, and reduce criminal activity within the Designated Enforcement Area.

IV. PURPOSE

The purpose of this Agreement is to establish and clarify the authority of APD to engage in Proactive Law Enforcement Activities and enforce the laws of the State of Colorado within the Designated Enforcement Area.

The Designated Enforcement Area presents a unique jurisdictional environment where the boundaries of five separate governmental jurisdictions converge. This complex jurisdictional configuration has historically limited the APD's ability to exercise its full law enforcement

authority within an area that has experienced persistent criminal activity. Although the APD routinely responds to incidents in and around this location, the jurisdictional boundaries have inhibited its ability to engage in proactive law enforcement efforts and provide comprehensive enforcement services. This Agreement is intended to eliminate those operational limitations by authorizing the APD to conduct Proactive Law Enforcement Activities and exercise full enforcement authority within the Designated Enforcement Area, thereby enhancing public safety, improving operational efficiency, and ensuring a coordinated law enforcement presence.

V. DESIGNATED ENFORCEMENT AREA

The Designated Enforcement Area covered under this Agreement, as shown in Attachment 1, shall be defined by the following geographic coordinates:

Northern Boundary:

39.658586, -104.845475 to 39.658218, -104.843346

Southern Boundary:

39.657114, -104.847288 to 39.656857, -104.846143

Western Boundary:

39.658586, -104.845475 to 39.657114, -104.847288

Eastern Boundary:

39.658218, -104.843346 to 39.656857, -104.846143

These coordinates collectively define the Designated Enforcement Area in which APD is authorized to act under this Agreement.

VI. GRANT OF AUTHORITY

Arapahoe County, acting through the ACSO, hereby grants and recognizes that sworn officers of APD shall have the authority to:

- Engage in proactive law enforcement activities within the Designated Enforcement Area;
- Enforce all applicable federal and state laws;
- Conduct investigations, detentions, and arrests consistent with Colorado law;
- Exercise the same authority as a deputy sheriff within the Designated Enforcement Area for purposes of proactively engaging in law enforcement.

Such authority shall be exercised in accordance with all applicable laws, APD policies, and constitutional requirements.

VII. JURISDICTION AND COORDINATION

- APD shall be responsible for all investigation, enforcement actions, reporting, and processing of incidents, through the conclusion of criminal prosecution, if any, arising from any Proactive Law Enforcement Activities in the Designated Enforcement Area unless otherwise mutually agreed upon by the Parties.
- In connection with Proactive Law Enforcement Activities by APD, APD shall retain full authority over and responsibility for the handling and processing of any resulting incidents in their entirety, including but not limited to investigation, arrest procedures, reporting, and case filing and follow-through, unless otherwise mutually agreed upon by both Parties.
- ACSO retains concurrent jurisdiction within the Designated Enforcement Area. The Parties agree that ACSO remains the primary authority responsible for responding to dispatched calls for service and investigating crime reports unrelated to any Proactive Law Enforcement Activities conducted by the Aurora Police Department in the Designated Enforcement Area.
- Nothing in this Agreement shall be construed to limit the authority of ACSO deputies within Arapahoe County.

VIII. NOTICES

RESOLUTION NO. R2026- ____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, EXPRESSING THE AURORA CITY COUNCIL'S APPROVAL OF THE INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF AURORA AND ARAPAHOE COUNTY REGARDING CONCURRENT LAW ENFORCEMENT JURISDICTION IN THE NINE MILE STATION AREA

WHEREAS, this Intergovernmental Agreement ("Agreement") is entered into by and between the City of Aurora, Colorado, acting by and through its Police Department ("APD"), and the Board of County Commissioners of the County of Arapahoe, Colorado, on behalf of the Arapahoe County Sheriff's Office ("ACSO"); and

WHEREAS, this Agreement is entered into pursuant to the authority granted by Colo. Const. Art. XIV, Section 18 and section § 29-1-203 of the Colorado Revised Statutes, which permits governmental entities to cooperate and contract with one another to provide services and exercise lawful authority; and

WHEREAS, the purpose of this Agreement is to establish and clarify the authority of APD to engage in Proactive Law Enforcement Activities and enforce the laws of the State of Colorado within the Designated Enforcement Area, commonly known as the Nine Mile Station platform area; and

WHEREAS, the Designated Enforcement Area presents a unique jurisdictional environment where the boundaries of five separate governmental jurisdictions converge. This complex jurisdictional configuration has historically limited the APD's ability to exercise its full law enforcement authority within an area that has experienced persistent criminal activity. Although the APD routinely responds to incidents in and around this location, the jurisdictional boundaries have inhibited its ability to engage in proactive law enforcement efforts and provide comprehensive enforcement services; and

WHEREAS, this Agreement is intended to eliminate those operational limitations by authorizing the APD to conduct Proactive Law Enforcement Activities and exercise full enforcement authority within the Designated Enforcement Area, thereby enhancing public safety, improving operational efficiency, and ensuring a coordinated law enforcement presence; and

WHEREAS, this Agreement grants and recognizes that sworn officers of APD shall have the authority to conduct law enforcement activities within the Designated Enforcement Area, while ACSO retains concurrent jurisdiction and remains the primary law enforcement authority responsible for responding to dispatched calls for service and investigating crime reports made to ACSO.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, THAT:

Section 1. The Intergovernmental Agreement between the City of Aurora and the Board of County Commissioners of the County of Arapahoe, Colorado, regarding concurrent law enforcement jurisdiction in the Nine Mile Station area is hereby approved.

Section 2. The Mayor and City Clerk are hereby authorized to execute the attached agreement in substantially the form presented at this meeting with such technical additions, deletions, and variations as may be deemed necessary or appropriate by the City Attorney.

Section 3. All resolutions or parts of resolutions of the City in conflict herewith are hereby rescinded.

The Green Valley Ranch East ("GVRE") Metropolitan District No. 6 is located in Adams County, bounded generally between E. 56th Ave. and E. 38th Ave. on the north and south respectively, and between Picadilly Rd. and E-470 on the west and east respectively. GVRE Metropolitan District No. 6 is mostly developed with resident homeowners and various homebuilder property owners; the board of directors is controlled by residents. GVRE Metropolitan District No. 6 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily residential land uses with some mixed-use commercial uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 6 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 6. The amendment primarily removes GVRE Metropolitan District No. 6 from the consolidated service plan and allows GVRE Metropolitan District No. 6 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 6 maps.
- Refinanced or refunded debt does not count towards total debt cap.

QUESTIONS FOR COUNCIL

Does the Council support this resolution and wish to forward this item to Council Meeting as proposed?

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, APPROVING THE THIRD AMENDED AND RESTATED SERVICE PLAN FOR GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 6 AND AUTHORIZING THE EXECUTION OF AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF AURORA, COLORADO AND THE DISTRICT

WHEREAS, the City Council (the "City Council") of the City of Aurora, Colorado (the "City") previously approved the Second Amended and Restated Service Plan on August 22, 2022 (the "2022 Service Plan") for the Green Valley Ranch East Metropolitan District Nos. 6-14 (the "Districts"); and

WHEREAS, the 2022 Service Plan was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by the City Council on April 20, 2026 (collectively the "Consolidated Service Plan"); and

WHEREAS, as development has progressed, the Boards of Directors of the Districts have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers of the development within each of the Districts; and

WHEREAS, the main purpose of the Third Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District NO. 6 (the "Third Amended and Restated Service Plan," and the "District," respectively) is to un-consolidate the Consolidated Service Plan; and

WHEREAS, the Third Amended and Restated Service Plan updates and amends certain Consolidated Service Plan provisions in relation to the District as necessary to account for the District's individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, and Chapter 122 of the City Code, the City Council is to hold a public hearing on the Third Amended and Restated Service Plan for the District; and

WHEREAS, notice of the hearing before the City Council was duly published in the *Aurora Sentinel*, a newspaper of general circulation within the City, as required by law, and mailed to all interested persons, the Division of Local Government, and the governing body of each municipality and title 32 district that has levied an ad valorem tax within the next preceding tax year and that has boundaries within a radius of three miles of the District; and

WHEREAS, the City Council has considered the Third Amended and Restated Service Plan and all other testimony and evidence presented at the public hearing; and

WHEREAS, the City Council finds that the Third Amended and Restated Service Plan should be approved without conditions, as permitted by Sections 32-1-203(2) and 32-1-204.5(1)(a), C.R.S., as amended, and Section 122-34(a) of the City Code; and

WHEREAS, the City Council further finds that it is in the best interests of the citizens of the City to enter into an Intergovernmental Agreement (the "IGA") with the District for the purpose of assigning the relative rights and responsibilities between the City and the District with respect to certain functions, operations, and obligations of the District; and

WHEREAS, Section 10-12 of the City Charter requires a resolution to authorize the execution of intergovernmental agreements.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, THAT:

Section 1. The City Council hereby finds and determines that all of the requirements of Title 32, Article 1, Part 2, C.R.S., as amended, and Chapter 122 of the City Code relating to the filing of the Service Plan for the District have been fulfilled and that notice of the hearing was given in the time and manner required by law and that City Council has jurisdiction to act on the Service Plan.

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

  - Current information applicable to each of the Districts

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or

practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

et seq., C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Article V below.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 877.251 acres of land. The current assessed valuation of the Service Area is $0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The residential population of the District at build-out is estimated to be approximately 4,176 persons based on 1,527 residential units with 2 persons per active adult dwelling unit, and 3 persons per traditional, all-ages dwelling unit.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Any power or authority granted to the board of county commissioners pursuant to the Special District Act shall be deemed to be granted to the City Council without reservation or limitation.

In connection with the performance of all acts or activities hereunder, the District shall not violate any protection clauses of the United States or Colorado State Constitutions. The District shall not discriminate against any person because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the District to accomplish the purposes of this Service Plan.

1. Operations and Maintenance Limitation. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements),

traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of Taxable Property within the Districts.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction Limitation. Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses in the City's boundaries, the District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.11.

9. Initial Debt Limitation. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Fees used for the purpose of repayment of Debt.

10. Total Debt Issuance Limitation. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided however, that any Debt issued by the District for Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement. This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts, may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions

of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

B. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

C. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts.

The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

WHEREAS, the City, the District, and Green Valley Ranch Nos. 7, 8, 9, 10, 11, 12, 13, and 14 entered into that certain Intergovernmental Agreement on February 24, 2022 (the "Original Agreement")

WHEREAS, the City and the District have determined it to be in the best interests of their respective taxpayers, residents and property owners to enter into this Intergovernmental Agreement and it shall supersede the Original Agreement ("Agreement").

NOW, THEREFORE, in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereto agree as follows:

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment

and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

2. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by

us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan (as defined in the Service Plan), the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

10. Total Debt Issuance. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided, however, that any Debt issued by the District for ARI Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI of the Service Plan.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed this Agreement. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5, the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by Section 32-1- 104.5, C.R.S.

17. Dissolution. Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

18. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description

of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

19. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

20. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

21. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

22. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy

revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(c) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

23. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

24. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

25. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via United Parcel Service or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the "District Nos. 6-8"). The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. ~~This~~The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. ~~6-14~~6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan~~") provides~~"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. 9 ~~("District No. 9"),~~, Green Valley Ranch East Metropolitan District No. 10 ~~(", Green Valley Ranch East Metropolitan~~ District No. ~~10"),~~11, Green Valley Ranch East Metropolitan District No. ~~11 ("District No. 11"),~~12, Green Valley Ranch East Metropolitan ~~District No. 12 ("~~District No. ~~12"), Green Valley Ranch East Metropolitan District No.~~ 13 ~~("District No. 13"),~~ and Green Valley Ranch East Metropolitan District No. ~~14 ("District No. 14"),~~14, to serve the Project. ~~District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein~~The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as ~~the~~ "it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts". ~~The First Amended~~ desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of ~~a Second~~this unconsolidated Third Amended and Restated Service Plan~~.~~ for the District (the "Service Plan"). Upon approval by the City of this ~~Second Amended and Restated~~ Service Plan, this ~~Second Amended and Restated~~ Service Plan is intended to modify, replace, restate and supersede the ~~First~~Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts are~~District was not ~~being~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential

properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

~~17.~~19. Service Plan Amendment Requirement. Actions of the ~~Districts~~District which violate the limitations set forth in V.A.1-14 or VII.B-G of the ~~Second Amended and Restated~~ Service Plan shall be deemed to be material modifications to the ~~Second Amended and Restated~~ Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the ~~Districts~~District.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the ~~improvements~~Public Improvements contemplated herein. Specifically, the Districts~~, with AACMD, shall~~ may enter into one or more ~~Intergovernmental Agreements~~intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the ~~improvements~~Public Improvements contemplated herein. ~~The Districts shall have the authority to enter into agreements which shall govern the relationships between and among the Districts and additional Title 32 districts with respect to the financing, construction and operation of the improvements contemplated herein, including, but not limited to, the AACMD, The Aurora Highlands Metropolitan District Nos. 1, 2 and 3, and Green Valley Aurora Metropolitan District No. 1.~~

~~19.~~21. Annual Report. The ~~Districts~~District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City ~~Manager's~~Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the ~~Second Amended and Restated~~ Service Plan.

~~20.~~22. Regional Improvements. The ~~Districts~~District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the ~~AACMD entering into the~~ ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by

that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The ~~Districts~~District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited ~~by the Districts with the AACMD (or as directed by AACMD)~~ and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred ~~as a result of the AACMD's participation in Agreements with the City and the ARTA~~in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(c) The ~~Districts~~District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the ~~Second Amended and Restated~~ Service Plan at such time as the area within the ~~Districts'~~District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq.*, C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq.*, C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

~~21.~~23. Maximum Debt Mill Levy. The ~~"~~"Maximum Debt Mill Levy~~"~~" shall be the maximum mill levy the District is permitted to impose upon the ~~taxable property~~Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate ~~District's~~District's Debt which exceeds fifty percent (50%) of the ~~District's~~District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited

mill levy Debt described in Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate ~~District's~~District's Debt which is equal to or less than fifty percent (50%) of the ~~District's~~District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the ~~District's~~District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-~~1101~~1101, C.R.S., the term ~~"~~"District~~"~~" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

~~22.~~24. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the ~~Second Amended and Restated~~ Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S~~.~~., *et seq*.

HISTORY *(Dates reviewed by City council, Policy Committees, Boards and Commissions, or Staff. Summarize pertinent comments. ATTACH MINUTES OF COUNCIL MEETINGS, POLICY COMMITTEES AND BOARDS AND COMMISSIONS.)*

The Green Valley Ranch East ("GVRE") Metropolitan District No. 7 is located in Adams County, bounded generally between E. 56th Ave. and E. 48th Ave. on the north and south respectively, and between Picadilly Rd. and E-470 on the west and east respectively. GVRE Metropolitan District No. 7 is mostly developed with resident homeowners and various homebuilder property owners; the board of directors is controlled by residents. GVRE Metropolitan District No. 7 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily residential land uses with some mixed-use commercial uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 7 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 7. The amendment primarily removes GVRE Metropolitan District No. 7 from the consolidated service plan and allows GVRE Metropolitan District No. 7 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 7 maps.
- Refinanced or refunded debt does not count towards total debt cap.

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

WHEREAS, as development has progressed, the Boards of Directors of the Districts have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers of the development within each of the Districts; and

WHEREAS, the main purpose of the Third Amended and Restated Service Plan for Green Valley Ranch Easts Metropolitan District NO. 7 (the "Third Amended and Restated Service Plan," and the "District," respectively) is to un-consolidate the Consolidated Service Plan; and

WHEREAS, the Third Amended and Restated Service Plan updates and amends certain Consolidated Service Plan provisions in relation to the District as necessary to account for the District's individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, and Chapter 122 of the City Code, the City Council is to hold a public hearing on the Third Amended and Restated Service Plan for the District; and

WHEREAS, the City Council has considered the Third Amended and Restated Service Plan and all other testimony and evidence presented at the public hearing; and

WHEREAS, the City Council finds that the Third Amended and Restated Service Plan should be approved without conditions, as permitted by Sections 32-1-203(2) and 32-1-204.5(1)(a), C.R.S., as amended, and Section 122-34(a) of the City Code; and

WHEREAS, the City Council further finds that it is in the best interests of the citizens of the City to enter into an Intergovernmental Agreement (the "IGA") with the District for the purpose of assigning the relative rights and responsibilities between the City and the District with respect to certain functions, operations, and obligations of the District; and

WHEREAS, Section 10-12 of the City Charter requires a resolution to authorize the execution of intergovernmental agreements.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, THAT:

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 6, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or

practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 877.251 acres of land. The current assessed valuation of the Service Area is $0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The residential population of the District at build-out is estimated to be approximately 1,952 persons based on 646 residential units with 2 persons per active adult dwelling unit, and 3 persons per traditional, all-ages dwelling unit.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Any power or authority granted to the board of county commissioners pursuant to the Special District Act shall be deemed to be granted to the City Council without reservation or limitation.

In connection with the performance of all acts or activities hereunder, the District shall not violate any protection clauses of the United States or Colorado State Constitutions. The District shall not discriminate against any person because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the District to accomplish the purposes of this Service Plan.

1. Operations and Maintenance Limitation. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks,

bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of Taxable Property within the Districts.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction Limitation. Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses in the City's boundaries, the District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.11.

9. Initial Debt Limitation. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Fees used for the purpose of repayment of Debt.

10. Total Debt Issuance Limitation. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided however, that any Debt issued by the District for Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement. This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts, may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions

of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

B. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

C. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts.

The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

VIII. ANNUAL REPORT

The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued. Such public records shall be made available to the City within fifteen (15) days of such request, provided the public records can reasonably be made available within that amount of time.

IX. DISSOLUTION

Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment

and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

2. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by

us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan (as defined in the Service Plan), the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

10. Total Debt Issuance. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided, however, that any Debt issued by the District for ARI Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI of the Service Plan.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed this Agreement. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5, the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by Section 32-1- 104.5, C.R.S.

17. Dissolution. Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

18. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description

of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

19. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

20. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

21. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

22. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy

revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(c) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

23. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

24. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 6, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the "District Nos. 6-8"). The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. ~~This~~The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan~~") provides~~"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. ~~9 ("District No. 9"), Green Valley Ranch East Metropolitan District No. 10 ("District No. 10"), Green Valley Ranch East Metropolitan District No. 11 ("District No. 11"), Green Valley Ranch Metropolitan District No. 12 ("District No. 12"),~~9, Green Valley Ranch East Metropolitan District No. ~~13 ("District No. 13"), and~~10, Green Valley Ranch East Metropolitan District No. ~~14 ("District No. 14"),~~11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. ~~District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein as the "~~The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts~~". The First Amended~~ desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of ~~a Second~~this unconsolidated Third Amended and Restated Service Plan~~.~~ for the District (the "Service Plan"). Upon approval by the City of this ~~Second Amended and Restated~~ Service Plan, this ~~Second Amended and Restated~~ Service Plan is intended to modify, replace, restate and supersede the ~~First~~Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and

taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts are~~District was not ~~being~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

~~20.~~22. Regional Improvements. The ~~Districts~~District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the ~~AACMD entering into the~~ ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by

that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The ~~Districts~~District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited ~~by the Districts with the AACMD (or as directed by AACMD)~~ and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred ~~as a result of the AACMD's participation in Agreements with the City and the ARTA~~in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(b) For the portion of any aggregate ~~District's~~District's Debt which is equal to or less than fifty percent (50%) of the ~~District's~~District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the ~~District's~~District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-~~1101~~1101, C.R.S., the term ~~"~~"District~~"~~" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

HISTORY *(Dates reviewed by City council, Policy Committees, Boards and Commissions, or Staff. Summarize pertinent comments. ATTACH MINUTES OF COUNCIL MEETINGS, POLICY COMMITTEES AND BOARDS AND COMMISSIONS.)*

The Green Valley Ranch East ("GVRE") Metropolitan District No. 8 is located in Adams County, bounded generally between E. 48th Ave. and E. 38th Ave. on the north and south respectively, and between Picadilly Rd. and E-470 on the west and east respectively. GVRE Metropolitan District No. 8 is mostly developed with resident homeowners and various homebuilder property owners; the board of directors is controlled by residents and developer representatives. GVRE Metropolitan District No. 8 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily residential land uses with some mixed-use commercial uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 8 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 8. The amendment primarily removes GVRE Metropolitan District No. 8 from the consolidated service plan and allows GVRE Metropolitan District No. 8 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 8 maps.
- Refinanced or refunded debt does not count towards total debt cap.

QUESTIONS FOR COUNCIL

Does the Council support this resolution and wish to forward this item to Council Meeting as proposed?

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

RESOLUTION NO. R2026-__

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, APPROVING THE THIRD AMENDED AND RESTATED SERVICE PLAN FOR GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 8 AND AUTHORIZING THE EXECUTION OF AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF AURORA, COLORADO AND THE DISTRICT

WHEREAS, the City Council (the "City Council") of the City of Aurora, Colorado (the "City") previously approved the Second Amended and Restated Service Plan on August 22, 2022 (the "2022 Service Plan") for the Green Valley Ranch East Metropolitan District Nos. 6-14 (the "Districts"); and

WHEREAS, the 2022 Service Plan was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by the City Council on April 20, 2026 (collectively the "Consolidated Service Plan"); and

WHEREAS, as development has progressed, the Boards of Directors of the Districts have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers of the development within each of the Districts; and

WHEREAS, the main purpose of the Third Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District NO. 8 (the "Third Amended and Restated Service Plan," and the "District," respectively) is to un-consolidate the Consolidated Service Plan; and

WHEREAS, the Third Amended and Restated Service Plan updates and amends certain Consolidated Service Plan provisions in relation to the District as necessary to account for the District's individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, and Chapter 122 of the City Code, the City Council is to hold a public hearing on the Third Amended and Restated Service Plan for the District; and

WHEREAS, notice of the hearing before the City Council was duly published in the *Aurora Sentinel*, a newspaper of general circulation within the City, as required by law, and mailed to all interested persons, the Division of Local Government, and the governing body of each municipality and title 32 district that has levied an ad valorem tax within the next preceding tax year and that has boundaries within a radius of three miles of the District; and

WHEREAS, the City Council has considered the Third Amended and Restated Service Plan and all other testimony and evidence presented at the public hearing; and

WHEREAS, the City Council finds that the Third Amended and Restated Service Plan should be approved without conditions, as permitted by Sections 32-1-203(2) and 32-1-204.5(1)(a), C.R.S., as amended, and Section 122-34(a) of the City Code; and

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority).” As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts’ individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

OVERVIEW OF PROPOSED CHANGES

- **Changes Made to <u>all</u> District Amendments**

    - Current information applicable to each of the Districts
    - Includes language requested by the City based on its current model service plan
    - Allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available
    - Removes extraneous and outdated language related to the Aerotropolis Area Coordinating Metropolitan District (“AACMD”) which is not affiliated with the Districts other than its involvement in the Aerotropolis Regional Transportation Authority (“ARTA”).
    - Corresponding changes to the Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts

- **Additional Changes Made to <u>certain</u> of the Amendments**

    - *District No. 9*
        - Addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt (uses City-recommended language)

            - corresponding updates and additions to the terms to “ARI Master Plan,” “ARI Authority,” and “ARI Mill Levy”
            - removal of ARTA specific terms

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 6, and Green Valley Ranch East Metropolitan District No. 7. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or

practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Any power or authority granted to the board of county commissioners pursuant to the Special District Act shall be deemed to be granted to the City Council without reservation or limitation.

In connection with the performance of all acts or activities hereunder, the District shall not violate any protection clauses of the United States or Colorado State Constitutions. The District shall not discriminate against any person because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the District to accomplish the purposes of this Service Plan.

1. Operations and Maintenance Limitation. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements),

Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of Taxable Property within the Districts.

2. Fire Protection Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation Limitation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction Limitation. Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses in the City's boundaries, the District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.11.

9. Initial Debt Limitation. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Fees used for the purpose of repayment of Debt.

10. Total Debt Issuance Limitation. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided however, that any Debt issued by the District for Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement. This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts, may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions

of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

B. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

C. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts.

The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment

Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

2. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by

us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan (as defined in the Service Plan), the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

10. Total Debt Issuance. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided, however, that any Debt issued by the District for ARI Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI of the Service Plan.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed this Agreement. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5, the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by Section 32-1- 104.5, C.R.S.

17. Dissolution. Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

18. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description

of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

19. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

20. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

21. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

22. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy

revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(c) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

23. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

24. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for the District, Green Valley Ranch East Metropolitan District No. 6, and Green Valley Ranch East Metropolitan District No. 7. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the "District Nos. 6-8"). The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. ~~This~~The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan~~") provides~~"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, Green Valley Ranch East Metropolitan District No. 9 ~~("District No. 9"),~~ Green Valley Ranch East Metropolitan District No. 10 ~~(", Green Valley Ranch East Metropolitan~~ District No. ~~10"),~~11, Green Valley Ranch East Metropolitan District No. ~~11 ("District No. 11"),~~12, Green Valley Ranch East Metropolitan ~~District No. 12 ("~~District No. ~~12"), Green Valley Ranch East Metropolitan District No.~~ 13 ~~("District No. 13"),~~ and Green Valley Ranch East Metropolitan District No. ~~14 ("District No. 14"),~~14, to serve the Project. ~~District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein~~The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as ~~the~~ "it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts~~". The First Amended~~ desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of ~~a Second~~this unconsolidated Third Amended and Restated Service Plan~~.~~ for the District (the "Service Plan"). Upon approval by the City of this ~~Second Amended and Restated~~ Service Plan, this ~~Second Amended and Restated~~ Service Plan is intended to modify, replace, restate and supersede the ~~First~~Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts are~~District was not ~~being~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential

properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

The Green Valley Ranch East ("GVRE") Metropolitan District No. 9 is located in Adams County, generally at the southwest intersection of E. 52nd Ave. and Tibet Rd. and at the northwest intersection of E. 38th Ave. and E-470. GVRE Metropolitan District No. 9 is undeveloped owned by a single homebuilder property owner; the board of directors is controlled by the same homebuilder. GVRE Metropolitan District No. 9 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily residential land uses with some mixed-use commercial uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 9 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 9. The amendment primarily removes GVRE Metropolitan District No. 9 from the consolidated service plan and allows GVRE Metropolitan District No. 9 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 9 maps.
- Refinanced or refunded debt does not count towards total debt cap.
- Authorization to utilize special improvement districts/fees/bonds.
- Requring special improvement district debt to be included within District's overall debt cap; and requires any special improvement district fees/debt to be repaid completely before title transfer to a homeowner.

QUESTIONS FOR COUNCIL

Does the Council support this resolution and wish to forward this item to Council Meeting as proposed?

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

WHEREAS, Section 10-12 of the City Charter requires a resolution to authorize the execution of intergovernmental agreements.

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for the Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, the District, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater

than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. 1. Operations and Maintenance Limitation. The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards Limitation. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.11.

9. Initial Debt Limitation. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Fees used for the purpose of repayment of Debt.

Special Improvement District Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary

under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement. This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

18. Special Improvement Districts.

An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

B. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

C. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq.*, C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq.*, C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

revenues and by and through the proceeds of Debt to be issued by one or more of the Districts. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

Such public records shall be made available to the City within fifteen (15) days of such request, provided the public records can reasonably be made available within that amount of time.

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment

and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

2. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by

us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

10. Total Debt Issuance. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided, however, that any Debt issued by the District for ARI Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI of the Service Plan. Special Improvement Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed this Agreement. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, Special Improvement District Debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Special Improvement Districts.

(a) Consistent with the provisions of Section 32-1-1101.7, C.R.S., or any successor statute, the District shall be authorized: (a) to establish one or more Special Improvement District(s) within the boundaries of the District; (b) to levy and collect assessments; (c) to issue bonds or other obligations payable from the assessments to finance all or part of the costs of the Public Improvements; and (d) to undertake and carry out any other activities related or necessary to the foregoing.

(d) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall be due and payable at or prior to the issuance of a certificate of occupancy for any unit, structure or other appurtenance, excluding the Public Improvements, on the property assessed. Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII of the Service Plan. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

19. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

20. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

21. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated

herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

22. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

23. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of the entering into the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement with the City.

(b) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(c) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the

area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements.

24. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. ~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for the Green Valley Ranch East Metropolitan District ~~Nos~~No. 6, ~~7 and 8 (the "~~Green Valley Ranch East Metropolitan District ~~Nos. 6-8")~~. ~~The~~No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. ~~This~~The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan~~") provides~~"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, the District, Green Valley Ranch East Metropolitan District No. ~~9 ("District No. 9"),~~10, Green Valley Ranch East Metropolitan District No. ~~10 ("~~11, Green Valley Ranch East Metropolitan District No. ~~10"),~~12, Green Valley Ranch East Metropolitan District No. ~~11 ("District No. 11"), Green Valley Ranch Metropolitan District No. 12 ("District No. 12"), Green Valley Ranch East Metropolitan District No. 13 ("District No. 13"),~~13, and Green Valley Ranch East Metropolitan District No. ~~14 ("District No. 14"),~~14, to serve the Project. ~~District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein as the "~~The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 (the "First Amendment"); the First Amendment did not apply to the Second Amended and Restated Service Plan as it applies to the District. The Districts~~". The First Amended~~ desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements. The Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of ~~a Second~~this unconsolidated Third Amended and Restated Service Plan~~.~~ for the District (the "Service Plan"). Upon approval by the City of this ~~Second Amended and Restated~~ Service Plan, this ~~Second Amended and Restated~~ Service Plan is intended to modify, replace, restate and supersede the ~~First~~Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts are~~District was not ~~being~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by ~~the Districts.~~one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

The Green Valley Ranch East ("GVRE") Metropolitan District No. 10 is located in Adams County, generally at the southeast intersection of E. 56th Ave. and Picadilly Rd. GVRE Metropolitan District No. 10 is undeveloped owned by a single developer property owner; the board of directors is controlled by the same developer. GVRE Metropolitan District No. 10 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily mixed-use commercial and residential land uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 10 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 10. The amendment primarily removes GVRE Metropolitan District No. 10 from the consolidated service plan and allows GVRE Metropolitan District No. 10 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 10 maps.
- Refinanced or refunded debt does not count towards total debt cap.
- Authorization to utilize special improvement districts/fees/bonds.
- Requring special improvement district debt to be included within District's overall debt cap; and requires any special improvement district fees/debt to be repaid completely before title transfer to a homeowner.

All other service plan changes made in April of 2026 are still applicable.

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

WHEREAS, as development has progressed, the Boards of Directors of the Districts have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers of the development within each of the Districts; and

WHEREAS, the main purpose of the Third Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District NO. 10 (the "Third Amended and Restated Service Plan," and the "District," respectively) is to un-consolidate the Consolidated Service Plan; and

WHEREAS, Section 10-12 of the City Charter requires a resolution to authorize the execution of intergovernmental agreements.

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority).” As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts’ individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater

than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

A legal description of the Current District Boundaries and the Inclusion Area Boundaries is attached hereto as **Exhibit A**. A vicinity map is attached hereto as **Exhibit B**. IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 877.251 acres of land. The current assessed valuation of the Service Area is $0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The residential population of the District at build-out is estimated to be approximately 225 persons based on 90 residential units with 2.5 residents per dwelling unit, as allowed by the current approved Master Plan for the property within the District.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Any power or authority granted to the board of county commissioners pursuant to the Special District Act shall be deemed to be granted to the City Council without reservation or limitation.

In connection with the performance of all acts or activities hereunder, the District shall not violate any protection clauses of the United States or Colorado State Constitutions. The District shall not discriminate against any person because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the District to accomplish the purposes of this Service Plan.

1. Operations and Maintenance Limitation.

The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of Taxable Property within the Districts.

2. Fire Protection Limitation.

The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation Limitation.

The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction Limitation.

Acknowledging that the City has financed public golf courses and desires to coordinate the construction of public golf courses in the City's boundaries, the District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards Limitation.

The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation.

Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield

securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation.

The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation.

The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt Limitation.

On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any Fees used for the purpose of repayment of Debt.

10. Total Debt Issuance Limitation.

The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided however, that any Debt issued by the District for Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI. Special Improvement District Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation.

The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation.

The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources.

The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation.

The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation.

All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall

not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website.

When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

18. Special Improvement Districts.

(a) Consistent with the provisions of Section 32-1-1101.7, C.R.S., or any successor statute, the District shall be authorized: (a) to establish one or more Special Improvement District(s) within the boundaries of the District; (b) to levy and collect assessments; (c) to issue bonds or other obligations payable from the assessments to finance all or part of the costs of the Public Improvements; and (d) to undertake and carry out any other activities related or necessary to the foregoing.

(b) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall not be considered property taxes.

(c) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, may be used to finance, plan, acquire, and construct the Public Improvements, pay debt service, and for any other purpose permitted by the Special District Act.

(d) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall be due and payable at or prior to the issuance of a certificate of occupancy for any unit, structure or other appurtenance, excluding the Public Improvements, on the property assessed. Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an

amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

(f) Exhibit F includes a map displaying the geographic boundaries within the District where each separate Special Improvement District may be created.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the

provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, the District, District No. 11, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

B. If neither of the options in Section VI.A. above is applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section VI and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section VI.A above is applicable (i.e., the Taxable Property within the District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping, or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

C. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

D. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

VIII. ANNUAL REPORT

A. General.

The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued. The annual report shall include all information required pursuant to the Special District Act.

C. Miscellaneous.

At the request of the City, or any City representative, the District shall make available at no cost to the City, any public record, including but not limited to budgets, audits, agreements, meeting minutes, and other financial or operational documents related to the District. Such public records shall be made available to the City within fifteen (15) days of such request, provided the public records can reasonably be made available within that amount of time.

IX. DISSOLUTION

Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge

of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

X. DISCLOSURE NOTICES AND MEETINGS

A. The District provided the City with written notice of the date of hearing on its petition for organization filed with the district court.

The District will use reasonable efforts and due diligence to cause each developer and home builder to require that each home buyer is asked to acknowledge receipt of such notice of disclosure at the time of entering into the purchase contract.

C. To ensure that potential residential buyers are educated about the District, the District will provide the information identified in Section X.2 above to the developer or home builders for prominent display at all sales offices and by inspecting the sales offices within the

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and

Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

2. Fire Protection. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City. The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation. The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

9. Initial Debt. On or before the effective date of approval by the City of an Approved Development Plan, the District shall not: (a) issue any Debt; nor (b) impose a mill levy for the payment of Debt by direct imposition or by transfer of funds from the operating fund to the Debt service funds; nor (c) impose and collect any fees used for the purpose of repayment of Debt.

10. Total Debt Issuance. The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided, however, that any Debt issued by the District for ARI Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI of the Service Plan. Special Improvement Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation. The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed this Agreement. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation. The District may impose and collect Fees as a source of revenue for repayment of debt, Special Improvement District Debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing,

the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Special Improvement Districts.

(a) Consistent with the provisions of Section 32-1-1101.7, C.R.S., or any successor statute, the District shall be authorized: (a) to establish one or more Special Improvement District(s) within the boundaries of the District; (b) to levy and collect assessments; (c) to issue bonds or other obligations payable from the assessments to finance all or part of the costs of the Public Improvements; and (d) to undertake and carry out any other activities related or necessary to the foregoing.

(b) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall not be considered property taxes.

(c) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, may be used to finance, plan, acquire, and construct the Public Improvements, pay debt service, and for any other purpose permitted by the Special District Act.

(d) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall be due and payable at or prior to the issuance of a certificate of occupancy for any unit, structure or other appurtenance, excluding the Public Improvements, on the property assessed. Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII of the Service Plan. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

(f) Exhibit F includes a map displaying the geographic boundaries within the District where each separate Special Improvement District may be created.

17. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1-104.5, the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by Section 32-1- 104.5, C.R.S.

18. Dissolution. Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

19. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

20. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material

modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

21. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

22. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

23. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of entering into the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, the District, District No. 11, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

(b) If neither of the options in Section 22(a) above are applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section 22 and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section 22(a) or (b) above is applicable (i.e., the Taxable Property within the applicable District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

(c) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(d) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31- 25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

24. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

26. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via United Parcel Service or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora **("City")**~~ approved the Service Plans ("Original Service Plans") for ~~the~~Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the **"District Nos. 6-8")**. The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6~~-~~-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, ~~Green Valley Ranch East Metropolitan District No. 9 ("**District No. 9**"), Green Valley Ranch East Metropolitan District No. 10 ("**District No. 10**"), Green Valley Ranch East Metropolitan District No. 11 ("**District No. 11**"), Green Valley Ranch Metropolitan District No. 12 ("**District No. 12**"), Green Valley Ranch East Metropolitan District No. 13 ("**District No. 13**"), and Green Valley Ranch East Metropolitan District No. 14 ("**District No. 14**"), to serve the Project. District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein as the "**Districts**". This First Amendment to the Second Amended and Restated Service Plan (the "**First Amendment**") is intended to be read in conjunction with the Second Amended and Restated Service Plan and therefore is incorporated within the Second Amended and Restated Service Plan but it relates only to District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14 (collectively, "**District Nos. 10-14**") and does not impact District No. 6, District No. 7, District No. 8, nor District No. 9 ("**District Nos. 6-9**"). This First Amendment provides additional clarification to avoid ambiguity regarding the Regional Intergovernmental Improvements Agreement that may be entered into in the event that property within the District Nos. 10-14 Service Area does not come within the Aerotropolis Regional Transportation Authority (ARTA) boundaries and, in such event, how the ARI Mill Levy revenues may be directed by the Boards of Directors of District No. 10-14 (the "**District Nos. 10-14 Boards**"). Specifically, this First Amendment, clarifies that a Regional Intergovernmental Improvements Agreement may include an intergovernmental agreement establishing an authority which has, at minimum, Title 32 special districts from three (3) or more Approved Development Plan areas as parties to the agreement and that the ARI Mill Levy may be pledged to finance Regional Improvements pursuant thereto that will benefit the current and anticipated property owners and taxpayers of the development within the District Nos. 10-14, effectuate the intent of the Service Plan, and facilitate the funding of Regional Improvements necessary for the continued development in the area and the public health, safety, prosperity, and general welfare of the inhabitants of the District Nos. 10-14.~~

~~The~~the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District

No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this ~~First Amendment.~~unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City~~,~~ of this ~~Second Amended and Restated Service Plan as amended by the First Amendment as it applies to District Nos 10-14~~Service Plan, this Service Plan is intended to modify, replace, restate and supersede the ~~prior version of the~~ First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts have~~District was not ~~been~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the

Public Improvements from the proceeds of Debt to be issued by ~~the Districts.~~one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

(b) For the portion of any aggregate ~~District's~~District's Debt which is equal to or less than fifty percent (50%) of the ~~District's~~District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the ~~District's~~District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

~~22.~~25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the ~~Second Amended and Restated~~ Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S~~.~~., *et seq*.

~~23.~~26. Notices. All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via United Parcel Service or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

The Green Valley Ranch East ("GVRE") Metropolitan District No. 11 is located in Adams County, generally at the southwest intersection of E. 56th Ave. and E-470. GVRE Metropolitan District No. 11 is undeveloped and owned by a single developer property owner; the board of directors is controlled by the same developer. GVRE Metropolitan District No. 11 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily mixed-use commercial and residential land uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 11 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 11. The amendment primarily removes GVRE Metropolitan District No. 11 from the consolidated service plan and allows GVRE Metropolitan District No. 11 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 11 maps.
- Refinanced or refunded debt does not count towards total debt cap.
- Authorization to utilize special improvement districts/fees/bonds.
- Requring special improvement district debt to be included within District's overall debt cap; and requires any special improvement district fees/debt to be repaid completely before title transfer to a homeowner.

All other service plan changes made in April of 2026 are still applicable.

Does the Council support this resolution and wish to forward this item to Council Meeting as proposed?

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

WHEREAS, Section 10-12 of the City Charter requires a resolution to authorize the execution of intergovernmental agreements.

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

OVERVIEW OF PROPOSED CHANGES

- **Changes Made to <u>all</u> District Amendments**

    - Current information applicable to each of the Districts
    - Includes language requested by the City based on its current model service plan
    - Allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available
    - Removes extraneous and outdated language related to the Aerotropolis Area Coordinating Metropolitan District ("AACMD") which is not affiliated with the Districts other than its involvement in the Aerotropolis Regional Transportation Authority ("ARTA").
    - Corresponding changes to the Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts

- **Additional Changes Made to <u>certain</u> of the Amendments**

    - *District No. 9*

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater

than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION

The Service Area consists of approximately 877.251 acres of land. The current assessed valuation of the Service Area is $0.00 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt under the Financial Plan. The residential population of the District at build-out is estimated to be approximately 2,853 persons based on 1,141 residential units with 2.5 residents per dwelling unit, as allowed by the current approved Master Plan for the property within the District.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the District, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. Any power or authority granted to the board of county commissioners pursuant to the Special District Act shall be deemed to be granted to the City Council without reservation or limitation.

In connection with the performance of all acts or activities hereunder, the District shall not violate any protection clauses of the United States or Colorado State Constitutions. The District shall not discriminate against any person because of race, color, religion, national origin, gender, age, military status, sexual orientation, gender identity or gender expression, marital status, or physical or mental disability, and further shall insert the foregoing provision in contracts or subcontracts let by the District to accomplish the purposes of this Service Plan.

1. Operations and Maintenance Limitation.

The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of Taxable Property within the Districts.

The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Privately Placed Debt Limitation.

Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.
>
> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield

securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation.

Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation.

The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.

10. Total Debt Issuance Limitation.

The District shall not issue Debt in excess of Four Billion Dollars ($4,000,000,000), excluding the principal amount of Debt which has been refunded or refinanced; provided however, that any Debt issued by the District for Regional Improvements shall not be included within this limitation and shall be subject to the limitations set forth in Section VI. Special Improvement District Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation.

The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation.

The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources.

The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation.

The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation.

All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall

not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website.

When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

18. Special Improvement Districts.

(a) Consistent with the provisions of Section 32-1-1101.7, C.R.S., or any successor statute, the District shall be authorized: (a) to establish one or more Special Improvement District(s) within the boundaries of the District; (b) to levy and collect assessments; (c) to issue bonds or other obligations payable from the assessments to finance all or part of the costs of the Public Improvements; and (d) to undertake and carry out any other activities related or necessary to the foregoing.

(b) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall not be considered property taxes.

(c) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, may be used to finance, plan, acquire, and construct the Public Improvements, pay debt service, and for any other purpose permitted by the Special District Act.

(d) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall be due and payable at or prior to the issuance of a certificate of occupancy for any unit, structure or other appurtenance, excluding the Public Improvements, on the property assessed. Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an

amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

(f) Exhibit F includes a map displaying the geographic boundaries within the District where each separate Special Improvement District may be created.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the

provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, the District, District No. 10, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

B. If neither of the options in Section VI.A. above is applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section VI and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section VI.A above is applicable (i.e., the Taxable Property within the District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping, or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

C. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

D. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

VIII. ANNUAL REPORT

Such public records shall be made available to the City within fifteen (15) days of such request, provided the public records can reasonably be made available within that amount of time.

IX. DISSOLUTION

Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge

COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and

Any Fees imposed by the Districts for access to such park and recreation improvements shall not result in Non-District City residents paying a user fee that is greater than, or otherwise disproportionate to, similar fees and taxes paid by residents of the Districts. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing,

the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

20. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material

23. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of entering into the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, the District, District No. 10, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

(b) If neither of the options in Section 22(a) above are applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section 22 and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section 22(a) or (b) above is applicable (i.e., the Taxable Property within the applicable District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

(c) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(d) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31- 25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

24. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

~~H.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for ~~the~~Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the "District Nos. 6-8"). The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6~~-~~-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). ~~-~~ The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, ~~Green Valley Ranch East Metropolitan District No. 9 ("**District No. 9**"), Green Valley Ranch East Metropolitan District No. 10 ("**District No. 10**"), Green Valley Ranch East Metropolitan District No. 11 ("**District No. 11**"), Green Valley Ranch Metropolitan District No. 12 ("**District No. 12**"), Green Valley Ranch East Metropolitan District No. 13 ("**District No. 13**"), and Green Valley Ranch East Metropolitan District No. 14 ("**District No. 14**"), to serve the Project. District No. 9, District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14, together with the District Nos. 6-8, are referred to herein as the "**Districts**". This First Amendment to the Second Amended and Restated Service Plan (the "**First Amendment**") is intended to be read in conjunction with the Second Amended and Restated Service Plan and therefore is incorporated within the Second Amended and Restated Service Plan but it relates only to District No.~~ the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 12, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and~~10, District No.~~ 11, District No. 12, District No. 13, and District No. 14 ~~(collectively, "**District Nos. 10-14**") and does not impact District No. 6, District No. 7, District No. 8, nor District No. 9 ("**District Nos. 6-9**"). This First Amendment provides additional clarification to avoid ambiguity regarding the Regional Intergovernmental Improvements Agreement that may be entered into in the event that property within the District Nos. 10-14 Service Area does not come within the Aerotropolis Regional Transportation Authority (ARTA) boundaries and, in such event, how the ARI Mill Levy revenues may be directed by the Boards of Directors of District No. 10-14 (the "**District Nos. 10-14 Boards**"). Specifically, this First Amendment, clarifies that a Regional Intergovernmental Improvements Agreement may include an intergovernmental agreement~~

~~establishing an authority which has, at minimum, Title 32 special districts from three (3) or more Approved Development Plan areas as parties to the agreement and that the ARI Mill Levy may be pledged to finance Regional Improvements pursuant thereto that will benefit the current and anticipated property owners and taxpayers of the development within the District Nos. 10-14, effectuate the intent of the Service Plan, and facilitate the funding of Regional Improvements necessary for the continued development in the area and the public health, safety, prosperity, and general welfare of the inhabitants of the District Nos. 10-14.~~

~~The~~ Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this ~~First Amendment.~~unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City~~,~~ of this ~~Second Amended and Restated Service Plan as amended by the First Amendment as it applies to District Nos 10-14~~Service Plan, this Service Plan is intended to modify, replace, restate and supersede the ~~prior version of the~~ First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts have~~District was not ~~been~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by ~~the Districts.~~one or more of the

Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the ~~Districts~~District.

~~3.~~ Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the ~~improvements~~Public Improvements contemplated herein. Specifically, the Districts~~, with AACMD, shall~~ may enter into one or more ~~Intergovernmental Agreements~~intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the ~~improvements~~Public Improvements contemplated herein. ~~19.~~22. Annual Report. The ~~Districts~~District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City ~~Manager's~~Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the ~~Second Amended and Restated~~ Service Plan.

~~20.~~23. Regional Improvements. The ~~Districts~~District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of ~~the AACMD~~ entering into the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The ~~Districts~~City, the District, District No. 10, District No. 14, HM Metropolitan District

Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited ~~by the Districts with the AACMD (or as directed by AACMD)~~ and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

(b) If neither of the options in Section 22(a) above are applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section 22 and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section 22(a) or (b) above is applicable (i.e., the Taxable Property within the applicable District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

~~(b)~~(c) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred ~~as a result of the AACMD's participation in Agreements with the City and the ARTA~~in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

~~(c)~~(d) The ~~Districts~~District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the ~~Second Amended and Restated~~ Service Plan at such time as the area within the ~~Districts'~~District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31- 25-601, *et seq*., C.R.S., or Business Improvement District

organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

~~21.~~24. Maximum Debt Mill Levy. The "~~"~~Maximum Debt Mill Levy~~"~~" shall be the maximum mill levy the District is permitted to impose upon the ~~taxable property~~Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate ~~District's~~District's Debt which exceeds fifty percent (50%) of the ~~District's~~District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate ~~District's~~District's Debt which is equal to or less than fifty percent (50%) of the ~~District's~~District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the ~~District's~~District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-~~110~~1~~1~~1101, C.R.S., the term "~~"~~District~~"~~" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

~~22.~~25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the ~~Second Amended and Restated~~ Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S~~.~~., *et seq*.

All notices, demands, requests or other communications to be sent by one party to the other hereunder or required by law shall be in writing and shall be deemed to have been validly given or served by delivery of same in person to the address or by courier delivery, via United Parcel Service or other nationally recognized overnight air courier service, or by depositing same in the United States mail, postage prepaid, addressed as follows:

The Green Valley Ranch East ("GVRE") Metropolitan District No. 12 is located in Adams County, generally at the northwest intersection of E. 52th Ave. and Tibet Rd. GVRE Metropolitan District No. 12 is undeveloped and owned by a single homebuilder property owner; the board of directors is controlled by the same homebuilder. GVRE Metropolitan District No. 12 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily mixed-use commercial and residential land uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 12 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 12. The amendment primarily removes GVRE Metropolitan District No. 12 from the consolidated service plan and allows GVRE Metropolitan District No. 12 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 12 maps.
- Adding approximately 16.8 additional acres into the inclusion area for GVRE Metropolitan District No. 12.
- Refinanced or refunded debt does not count towards total debt cap.
- Authorization to utilize special improvement districts/fees/bonds.
- Requring special improvement district debt to be included within District's overall debt cap; and requires any special improvement district fees/debt to be repaid completely before title transfer to a homeowner.

All other service plan changes made in April of 2026 are still applicable.

QUESTIONS FOR COUNCIL

Does the Council support this resolution and wish to forward this item to Council Meeting as proposed?

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

RESOLUTION NO. R2026-__

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF AURORA, COLORADO, APPROVING THE THIRD AMENDED AND RESTATED SERVICE PLAN FOR GREEN VALLEY RANCH EAST METROPOLITAN DISTRICT NO. 12 AND AUTHORIZING THE EXECUTION OF AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE CITY OF AURORA, COLORADO AND THE DISTRICT

WHEREAS, the City Council (the "City Council") of the City of Aurora, Colorado (the "City") previously approved the Second Amended and Restated Service Plan on August 22, 2022 (the "2022 Service Plan") for the Green Valley Ranch East Metropolitan District Nos. 6-14 (the "Districts"); and

WHEREAS, the 2022 Service Plan was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by the City Council on April 20, 2026 (collectively the "Consolidated Service Plan"); and

WHEREAS, as development has progressed, the Boards of Directors of the Districts have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers of the development within each of the Districts; and

WHEREAS, the main purpose of the Third Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District NO. 12 (the "Third Amended and Restated Service Plan," and the "District," respectively) is to un-consolidate the Consolidated Service Plan; and

WHEREAS, the Third Amended and Restated Service Plan updates and amends certain Consolidated Service Plan provisions in relation to the District as necessary to account for the District's individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect; and

WHEREAS, pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, and Chapter 122 of the City Code, the City Council is to hold a public hearing on the Third Amended and Restated Service Plan for the District; and

WHEREAS, notice of the hearing before the City Council was duly published in the *Aurora Sentinel*, a newspaper of general circulation within the City, as required by law, and mailed to all interested persons, the Division of Local Government, and the governing body of each municipality and title 32 district that has levied an ad valorem tax within the next preceding tax year and that has boundaries within a radius of three miles of the District; and

WHEREAS, the City Council has considered the Third Amended and Restated Service Plan and all other testimony and evidence presented at the public hearing; and

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

  - Current information applicable to each of the Districts

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,

I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City approved the Service Plans ("Original Service Plans") for Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City of this Service Plan, this Service Plan is intended to modify, replace, restate and supersede the First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The District is an independent unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this Service Plan, its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the District. The primary purpose of the District will be to finance the construction of these Public Improvements.

The District was not created to provide ongoing operations and maintenance services other than as specifically set forth in this Service Plan.

B. Need for the District.

There were no other governmental entities, including the City, located in the immediate vicinity of the District when it was organized that considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding District's Service Plan.

The City's objective in approving the Service Plan for the District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by one or more of the Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This Service Plan is intended to establish a limited purpose for the District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed as provided herein or through an intergovernmental agreement with the City.

It is the intent of the District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties. It is the intent of this Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater

than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this Service Plan also provides for the District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

V. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS AND SERVICES

A. Powers of the District and Service Plan Amendment.

The District shall have the power and authority to provide the Public Improvements and related operation and maintenance services within and without the boundaries of the District as such power and authority is described in the Special District Act, and other applicable statutes, common law and the Constitution, subject to the limitations set forth herein. 1. Operations and Maintenance Limitation.

The purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and facilities, trails, open space, landscaping, drainage improvements (including detention and retention ponds, trickle channels, and other drainage facilities), irrigation system improvements (including wells, pumps, storage facilities, and distribution facilities), and all necessary equipment and appurtenances incident thereto. However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation.

The District shall not include within any of its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

8. Overlap Limitation.

The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the Districts unless the aggregate mill levy for payment of Debt of such proposed districts will not at any time exceed the Maximum Debt Mill Levy of the District.

Special Improvement District Debt shall be included in the definition of Debt that is subject to the Total Debt Issuance Limitation.

11. Debt Issuance Limitation.

The District shall not be authorized to incur any indebtedness until such time as the District has approved and executed the intergovernmental agreement attached hereto as Exhibit E. The ARI Mill Levy shall be imposed for collection upon all Taxable Property located within the boundaries of the District in the first year of collection of a debt service mill levy by the District.

12. Fee Limitation.

The District may impose and collect Fees as a source of revenue for repayment of debt, capital costs, and/or for operations and maintenance. No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing, the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources.

The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation Limitation.

The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy Limitation.

All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the "political or governmental powers" reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall

not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Website.

When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1- 104.5 the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by C.R.S. § 32-1- 104.5.

17. Service Plan Amendment Requirement.

This Service Plan has been designed with sufficient flexibility to enable the District to provide required services and facilities under evolving circumstances without the need for numerous amendments. Actions of the District which violate the limitations set forth in V.A.1-14 above or in VII.B-G. shall be deemed to be material modifications to this Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

18. Special Improvement Districts.

(a) Consistent with the provisions of Section 32-1-1101.7, C.R.S., or any successor statute, the District shall be authorized: (a) to establish one or more Special Improvement District(s) within the boundaries of the District; (b) to levy and collect assessments; (c) to issue bonds or other obligations payable from the assessments to finance all or part of the costs of the Public Improvements; and (d) to undertake and carry out any other activities related or necessary to the foregoing.

(b) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall not be considered property taxes.

(c) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, may be used to finance, plan, acquire, and construct the Public Improvements, pay debt service, and for any other purpose permitted by the Special District Act.

(d) Assessments levied by the District pursuant to Section 32-1-1101.7, C.R.S., or any successor statute, shall be due and payable at or prior to the issuance of a certificate of occupancy for any unit, structure or other appurtenance, excluding the Public Improvements, on the property assessed. Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an

amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

(f) Exhibit F includes a map displaying the geographic boundaries within the District where each separate Special Improvement District may be created.

B. Preliminary Engineering Survey.

The District shall have authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, maintenance as provided herein or in an intergovernmental agreement, and financing of all or a portion of the Public Improvements within and without the boundaries of the District, to be more specifically defined in an Approved Development Plan and/or intergovernmental agreement(s). An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Service Area of the Districts and is approximately Four Billion Dollars ($4,000,000,000).

All of the Public Improvements will be designed in such a way as to assure that the Public Improvements standards will be compatible with those of the City and shall be in accordance with the requirements of the Approved Development Plan. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements.

C. Multiple District Structure.

It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements.

The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

VI. REGIONAL IMPROVEMENTS

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the

provisions of the Regional Improvements incurred as a result of the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, District No. 10, District No. 11, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

A. If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

B. If neither of the options in Section VI.A. above is applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section VI and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section VI.A above is applicable (i.e., the Taxable Property within the District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping, or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

C. The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

D. The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in this Section VI at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31-25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

The District shall have the authority to issue Debt for the Regional Improvements, in an amount not to exceed Four Billion Dollars ($4,000,000,000) pursuant to agreements as described in VI.A or B above and the foregoing shall not include the principal amount of Debt which has been refunded or refinanced. Such limit is not subject to the Total Debt Issuance Limitation described in Section VII below.

VII. FINANCIAL PLAN

A. General.

The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from its revenues and by and through the proceeds of Debt to be issued by one or more of the Districts. The Financial Plan for the District shall be to issue such Debt as the District can reasonably pay within the Maximum Debt Mill Levy Imposition Term from revenues derived from the Maximum Debt Mill Levy and other legally available revenues. The total Debt that the District shall be permitted to issue shall not exceed Four Billion Dollars ($4,000,000,000) (exclusive of the principal amount of Debt which has been refunded or refinanced and Debt issued for Regional Improvements described in Section VI above) and shall be permitted to be issued on a schedule and in such year or years as the District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All Bonds and other Debt issued by the District may be payable from any and all legally available revenues of the District, including general ad valorem taxes and Fees to be imposed upon all Taxable Property within the District. The District will also rely upon various other revenue sources authorized by law. These will include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time.

B. Maximum Voted Interest Rate and Maximum Underwriting Discount.

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. In the event of a default, the proposed maximum interest rate on any Debt is not expected to exceed eighteen percent (18%). The proposed maximum underwriting discount will be five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

1. For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below, subject to the Assessment Rate Adjustment.

2. For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users as set for in Section VII.I. below.

D. Maximum Debt Mill Levy Imposition Term.

The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S.; *et seq*.

E. Debt Repayment Sources.

The District may impose a mill levy on Taxable Property within its boundaries as a primary source of revenue for repayment of debt service and for operations and maintenance. The District may also rely upon various other revenue sources authorized by law. At the District's discretion, these may include the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy or, for residential property within the District, the Maximum Debt Mill Levy Imposition Term, except pursuant to an intergovernmental agreement between the District and the City for Regional Improvements.

F. Debt Instrument Disclosure Requirement.

In the text of each Bond and any other instrument representing and constituting Debt which is issued after the date of the City's approval of this Service Plan, the District shall set forth a statement in substantially the following form:

> By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District. This Bond is not a debt or multi-fiscal year obligation of the City of Aurora.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The District shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the District's obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by the District in the payment of any such obligation.

H. TABOR Compliance.

The District will comply with the provisions of TABOR. In the discretion of the Board, the District may set up other qualifying entities to manage, fund, construct and operate facilities, services, and programs. To the extent allowed by law, any entity created by the District will remain under the control of the District's Board, except as approved by written consent of the City.

I. District's Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of the District's organization and initial operations, was anticipated to be One Hundred Thousand Dollars ($100,000), which is eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the District will require operating funds for administration and require funds to plan and cause certain Public Improvements to be constructed and maintained. The first year's operating budget was estimated to be Fifty Thousand Dollars ($50,000) which was derived from property taxes and other revenues.

The Maximum Debt Mill Levy for the repayment of Debt shall not apply to the District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users.

J. Agreed Upon Procedures Examination.

For districts with property within their boundaries developed with any residential uses, at such time that a majority of Board of Directors of the District are residents of the District, the District is encouraged to engage the services of a certified public accountant for an Agreed Upon Procedures Engagement. The Board of Directors, in its discretion, will set the scope and the procedures for the engagement.

VIII. ANNUAL REPORT

The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued. COVENANTS AND AGREEMENTS

1. Operations and Maintenance. The District shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owner's association in a manner consistent with the Approved Development Plan and other rules and regulations of the City and applicable provisions of the City Code. The Districts shall be authorized, but not obligated to, operate and maintain Public Improvements not otherwise required to be dedicated to the City or other public entity, including, but not limited to street improvements (including roads, curbs, gutters, culverts, sidewalks, bridges, parking facilities, paving, lighting, grading, landscaping, and other street improvements), traffic and safety controls, retaining walls, park and recreation improvements and

However, the Districts shall be entitled to impose an administrative Fee as necessary to cover additional expenses associated with Non-District City residents to ensure that such costs are not the responsibility of Districts residents. All such Fees shall be based upon the Districts' determination that such Fees do not exceed reasonable annual market fees for users of such facilities. Notwithstanding the foregoing, all parks and trails owned by the Districts shall be open to the general public and Non-District City residents, subject to the rules and regulations of the Districts as adopted from time to time. Trails which are interconnected with a City or regional trail system shall be open to the public free of charge and on the same basis as residents and owners of taxable property within the Districts.

The authority to plan for, design, acquire, construct, install, relocate, redevelop or finance fire hydrants and related improvements installed as part of the water system shall not be limited by this provision.

3. Television Relay and Translation. The District shall not be authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City.

4. Golf Course Construction. The District shall not be authorized to plan, design, acquire, construct, install, relocate, redevelop, finance, operate or maintain a golf course unless such activity is pursuant to an intergovernmental agreement with the City.

5. Construction Standards. The District will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The District will obtain the City's approval of civil engineering plans and will obtain applicable permits for construction and installation of Public Improvements prior to performing such work.

6. Issuance of Privately Placed Debt. Prior to the issuance of any privately placed Debt, the District shall obtain the certification of an External Financial Advisor substantially as follows:

> We are [I am] an External Financial Advisor within the meaning of the District's Service Plan.

> We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

7. Inclusion Limitation. The District shall not include within its boundaries any property outside the Service Area without the prior written consent of the City. The District shall not include within any of its boundaries any property inside the inclusion area boundaries without the prior written consent of the City except upon petition of the fee owner or owners of 100 percent of such property as provided in Section 32-1-401(1)(a), C.R.S. Any and all property included within the Districts' boundaries shall be deemed to be included within the Service Area.

The boundaries of the Districts shall not overlap unless the aggregate mill levy for payment of Debt of the overlapping Districts will not at any time exceed the Maximum Debt Mill Levy of the District. Additionally, the District shall not consent to the organization of any other district organized under the Special District Act within the Service Area which will overlap the boundaries of the District unless the aggregate mill levy for payment of Debt of such proposed districts will not any time exceed the Maximum Debt Mill Levy of the District.

No Fee related to the funding of costs of a capital nature shall be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User which has the effect, intentional or otherwise, of creating a capital cost payment obligation in any year on any Taxable Property owned or occupied by an End User. Notwithstanding any of the foregoing,

the restrictions in this definition shall not apply to any Fee imposed upon or collected from Taxable Property for the purpose of funding operation and maintenance costs of the District.

13. Monies from Other Governmental Sources. The District shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the District without any limitation.

14. Consolidation. The District shall not file a request with any Court to consolidate with another Title 32 district without the prior written consent of the City, unless such consolidation is with one or more of the Districts.

15. Bankruptcy. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

Section 903, and are also included in the "regulatory or electoral approval necessary under applicable nonbankruptcy law" as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy and the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

16. Special Improvement Districts.

Assessments related to the repayment of Special Improvement District Debt shall not be authorized to be imposed upon or collected from Taxable Property owned or occupied by an End User. Any lien securing a Special Improvement District assessment, Fee, Bond, or Special Improvement District Debt shall be relinquished prior to title transferring to any End User

(e) The District shall have the authority to issue bonds or other obligations from one or more Special Improvement District(s) payable from assessments, in an amount not to exceed Four Billion Dollars ($4,000,000,000), collectively. Such limit is subject to and included in the Total Debt Issuance Limitation described in Section V.A.10 and Section VII of the Service Plan. The foregoing shall not include principal amount of bonds or other obligations which have been refunded or refinanced.

(f) Exhibit F includes a map displaying the geographic boundaries within the District where each separate Special Improvement District may be created.

17. Website. When a district is required to have a website in accordance with the requirements of C.R.S. Section 32-1-104.5, the District shall establish, maintain and annually update a public website or provide information on a shared community website, on which the District will timely post all information and documents required by Section 32-1- 104.5, C.R.S.

18. Dissolution. Upon an independent determination of the City Council by resolution that the purposes for which the District was created have been accomplished and the City is satisfied that the City will not be responsible for any obligations formerly provided by the District, the District agrees to file petitions in the appropriate District Court for dissolution, pursuant to the applicable State statutes. In no event shall a dissolution occur until the District has provided for the payment or discharge of all of their outstanding indebtedness and other financial obligations as required pursuant to State statutes.

19. Disclosure to Purchasers. The District will use reasonable efforts to ensure that all developers of the property located within the District provide written notice to all purchasers of property in the District regarding the Maximum Debt Mill Levy, as well as a general description of the District's authority to impose and collect rates, Fees, tolls and charges. The notice shall conform with the City's standard model disclosure attached as Exhibit D to the Service Plan as may be amended from time to time. The City shall be provided a copy of the notice prior to the initial issuance of the Debt of the District imposing the mill levy which is the subject of the Maximum Debt Mill Levy.

20. Service Plan Amendment Requirement. Actions of the District which violate the limitations set forth in V.A.1-14 or VII.B-G of the Service Plan shall be deemed to be material

modifications to the Service Plan and the City shall be entitled to all remedies available under State and local law to enjoin such actions of the District.

21. Multiple District Structure. It is anticipated that the Districts, collectively, will continue to undertake the financing and construction of the Public Improvements contemplated herein. Specifically, the Districts may enter into one or more intergovernmental agreements which shall govern the relationships between and among the Districts with respect to the financing, construction and operation of the Public Improvements contemplated herein. The Districts will establish a mechanism whereby any one or more of the Districts may separately or cooperatively fund, construct, install and operate the Public Improvements. The Districts shall also be authorized to enter into one or more agreements which shall govern the relationships between and among the Districts, additional Title 32 districts, and/or other governmental entities, with respect to the financing, construction and operation of the Public Improvements contemplated herein.

22. Annual Report. The District shall be responsible for submitting an annual report to the Manager of the Office of Development Assistance of the City Manager's Office no later than August 1st of each year following the year in which the Order and Decree creating the District has been issued, pursuant to the City Code and containing the information set forth in Section VIII of the Service Plan.

23. Regional Improvements. The District shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment and a contribution to the funding of the Regional Improvements and fund the administration and overhead costs related to the provisions of the Regional Improvements incurred as a result of entering into the ARTA Establishment Agreement or the Regional Intergovernmental Improvements Agreement described below.

In that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, District No. 10, District No. 11, District No. 14, HM Metropolitan District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

(b) If neither of the options in Section 22(a) above are applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section 22 and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section 22(a) or (b) above is applicable (i.e., the Taxable Property within the applicable District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

(c) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

(d) The District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the Service Plan at such time as the area within the District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31- 25-601, *et seq*., C.R.S., or Business Improvement District organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

24. Maximum Debt Mill Levy. The "Maximum Debt Mill Levy" shall be the maximum mill levy the District is permitted to impose upon the Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate District's Debt which exceeds fifty percent (50%) of the District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate District's Debt which is equal to or less than fifty percent (50%) of the District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term "District" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S., *et seq*.

~~II.~~I. INTRODUCTION

A. Purpose and Intent.

On August 6, 2004, the City ~~of Aurora ("City")~~ approved the Service Plans ("Original Service Plans") for ~~the~~Green Valley Ranch East Metropolitan District No. 6, Green Valley Ranch East Metropolitan District No. 7, and Green Valley Ranch East Metropolitan District No. 8. Green Valley Ranch East Metropolitan District Nos. ~~6, 7 and 8 (the "District Nos. 6-8"). The District Nos.~~ 6-8 were organized on December 7, 2004. On October 30, 2017, the City approved the Consolidated First Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-8 ("First Amended Service Plan"), which superseded the Original Service Plans. The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6~~-~~-14 was approved by the City Council of the City, by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022, which superseded the First Amended and Restated Service Plan (the "Second Amended and Restated Service Plan"). The Second Amended and Restated Service Plan provided for six (6) additional metropolitan districts, ~~Green Valley Ranch East Metropolitan District No. 9 ("**District No. 9**"), Green Valley Ranch East Metropolitan District No. 10 ("**District No. 10**"), Green Valley Ranch East Metropolitan District No. 11 ("**District No. 11**"), Green Valley Ranch Metropolitan District No. 12 ("**District No. 12**"), Green Valley Ranch East Metropolitan District No. 13 ("**District No. 13**"), and Green Valley Ranch East Metropolitan District No. 14 ("**District No. 14**"), to serve the Project. District No. 9~~the District, Green Valley Ranch East Metropolitan District No. 9, Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14, to serve the Project. The Second Amended and Restated Service Plan was amended by the First Amendment Thereto as it Applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was approved by the City Council of the City, by Ordinance No. 2026-08 on April 6, 2026, effective May 23, 2026 ("the First Amendment"). The Districts desire to split the Second Amended and Restated Service Plan into separate service plans for each of the Districts, allowing each of the Districts to operate separately and account for alternative options for financing regional improvements and authorize the imposition of assessments for the repayment of Debt issued by one or more Special Improvement Districts to be established by the District. The First Amendment and~~, District No. 10, District No. 11, District No.~~ 12, District No. 13, and District No. 14, ~~together with the District Nos. 6-8, are referred to herein as the "**Districts**". This First Amendment to the Second Amended and Restated Service Plan (the "**First Amendment**") is intended to be read in conjunction with the Second Amended and Restated Service Plan and therefore is incorporated within the Second Amended and Restated Service Plan but it relates only to District No. 10, District No. 11, District No. 12, District No. 13, and District No. 14 (collectively, "**District Nos. 10-14**") and does not impact District No. 6, District No. 7, District No. 8, nor District No. 9 ("**District Nos. 6-9**"). This First Amendment provides additional clarification to avoid ambiguity regarding the Regional Intergovernmental Improvements Agreement that may be entered into in the event that property within the District Nos. 10-14 Service Area does not come within the Aerotropolis Regional Transportation Authority (ARTA) boundaries and, in such event, how the ARI Mill Levy revenues may be directed by the Boards of Directors of District No. 10-14 (the "**District Nos. 10-14 Boards**"). Specifically, this First Amendment, clarifies that a Regional Intergovernmental Improvements Agreement may include an intergovernmental agreement~~

~~establishing an authority which has, at minimum, Title 32 special districts from three (3) or more Approved Development Plan areas as parties to the agreement and that the ARI Mill Levy may be pledged to finance Regional Improvements pursuant thereto that will benefit the current and anticipated property owners and taxpayers of the development within the District Nos. 10-14, effectuate the intent of the Service Plan, and facilitate the funding of Regional Improvements necessary for the continued development in the area and the public health, safety, prosperity, and general welfare of the inhabitants of the District Nos. 10-14.~~

~~The~~ Second Amended and Restated Service Plan shall be in full force and effect at all times prior to the City's approval of this ~~First Amendment.~~unconsolidated Third Amended and Restated Service Plan for the District (the "Service Plan"). Upon approval by the City~~,~~ of this ~~Second Amended and Restated Service Plan as amended by the First Amendment as it applies to District Nos 10-14~~Service Plan, this Service Plan is intended to modify, replace, restate and supersede the ~~prior version of the~~ First Amendment and Second Amended and Restated Service Plan as it relates to the District in its entirety.

The ~~Districts are~~District is an independent ~~units~~unit of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law or this ~~Second Amended and Restated~~ Service Plan, ~~their~~its activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the ~~Second Amended and Restated~~ Service Plan. It is intended that the ~~Districts~~District will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the ~~Districts.~~District. The primary purpose of the ~~Districts~~District will be to finance the construction of these Public Improvements.

The ~~Districts have~~District was not ~~been~~ created to provide ongoing operations and maintenance services other than as specifically set forth in this ~~Second Amended and Restated~~ Service Plan.

B. Need for the ~~Districts~~District.

There ~~are currently~~were no other governmental entities, including the City, located in the immediate vicinity of the ~~Districts~~District when it was organized that ~~consider~~considered it desirable, feasible or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the ~~Districts is~~District was therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

C. Objective of the City Regarding ~~Districts Second Amended and Restated~~District's Service Plan.

The ~~City's~~City's objective in approving the ~~Second Amended and Restated~~ Service Plan for the ~~Districts~~District is to authorize one or more of the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by ~~the Districts.~~one or more of the

Districts or by Special Improvement District Debt issued by a Special Improvement District. All Debt is expected to be repaid by taxes imposed and collected for no longer than the Maximum Debt Mill Levy Imposition Term for residential properties and at a tax mill levy no higher than the Maximum Debt Mill Levy for commercial and residential properties, and/or repaid by Fees, as long as such Fees are not imposed upon or collected from Taxable Property owned or occupied by an End User for the purpose of creating a capital cost payment obligation as further described in Section V.A. 11 and from other legally available revenue. Debt which is issued within these parameters and, as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

This ~~Second Amended and Restated~~ Service Plan is intended to establish a limited purpose for the ~~Districts~~District and explicit financial constraints that are not to be violated under any circumstances. The primary purpose is to provide for the Public Improvements associated with development and regional needs. Operational activities are allowed~~, but only~~ as provided herein or through an intergovernmental agreement with the City.

It is the intent of the ~~Districts~~District to dissolve upon payment or defeasance of all Debt incurred, cessation of all operations functions, or upon a court determination that adequate provision has been made for the payment of all Debt, and if ~~any~~the District has authorized operating functions under an intergovernmental agreement with the City, to retain only the power necessary to impose and collect taxes or Fees to pay for these costs. It is the intent of the District to dissolve any and all Special Improvement Districts upon payment or defeasance of all Special Improvement District Debt.

The ~~Districts~~District shall be authorized to finance the Public Improvements that can be funded from Debt to be repaid from Fees~~;~~ or from tax revenues collected from a mill levy which shall not exceed the Maximum Debt Mill Levy on commercial and residential properties and which shall not exceed the Maximum Debt Mill Levy Imposition Term on residential properties~~; and from any other legally available revenues.~~. It is the intent of this ~~Second Amended and Restated~~ Service Plan to assure to the extent possible that no commercial or residential property bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy in amount and that no property developed for a residential use bear an economic burden that is greater than that associated with the Maximum Debt Mill Levy Imposition Term in duration even under bankruptcy or other unusual situations. Generally, the ~~costs~~cost of Public Improvements that cannot be funded within these parameters are not costs to be paid by the Districts. With regard to Regional Improvements, this ~~Second Amended and Restated~~ Service Plan also provides for the ~~Districts~~District to pay a portion of the cost of regional infrastructure as part of ensuring that development and those that benefit from development pay for the associated costs.

~~In~~ that regard, the City, Adams County and the AACMD entered into the ARTA Establishment Agreement to form the ARTA on February 27, 2018, as supplemented by that First and Second Supplement to the Establishment Agreement, and as may be supplemented or amended in the future.

The City, District No. 10, District No. 11, District No. ~~Districts~~14, HM Metropolitan

District Nos. 3 and 4, Painted Prairie Metropolitan District Nos. 2-10, and Sky Dance Metropolitan District Nos. 1 and 2 entered into the Fletcher Regional Improvement Authority Establishment Agreement on May 25, 2026.

The District shall impose the ARI Mill Levy and shall convey it as follows:

(a) If the ARTA Mill Levy in any tax collection year is less than 5 mills (as adjusted by the Assessment Rate Adjustment), the ARI Mill Levy revenue shall be deposited ~~by the Districts with the AACMD (or as directed by AACMD)~~ and shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement. In the event the property within the District's Service Area does not come within the ARTA's boundaries, the District shall not be required to deposit the ARI Mill Levy revenue and the ARI Mill Levy revenue shall only be spent pursuant to a Regional Intergovernmental Improvements Agreement.

(b) If neither of the options in Section 22(a) above are applicable then the revenue from the ARI Mill Levy shall be conveyed to the City and (i) the City shall place in a special account all revenues received from the ARI Mill Levy imposed by the District on the Taxable Property within its boundaries under this Section 22 and shall not expend such revenue until an intergovernmental agreement is executed between the City and the District establishing the terms and conditions for the provision of the Regional Improvements; and (ii) if within two (2) years from the first year of collection of the ARI Mill Levy by the District such intergovernmental agreement is not executed neither of the options in Section 22(a) or (b) above is applicable (i.e., the Taxable Property within the applicable District has not come within the ARTA's boundaries nor has the District entered into a Regional Intergovernmental Improvements Agreement), then the revenue from the ARI Mill Levy shall be conveyed to the City for use by the City in the planning, designing, constructing, installing, acquiring, relocating, redeveloping or financing of the Regional Improvements which benefit the service users or taxpayers of the District as prioritized and determined by the City.

~~(b)~~(c) The Regional Improvements shall be limited to the provision of the planning, design, acquisition, construction, installation, relocation and/or redevelopment of street and transportation related improvements as defined in the Special District Act and the administration and overhead costs incurred ~~as a result of the AACMD's participation in Agreements with the City and the ARTA~~in relation thereto, unless the City has agreed otherwise in writing; provided, however in no event shall the Regional Improvements include water or sanitary sewer improvements unless such improvements are necessary as a part of completing street and transportation related improvements.

~~(c)~~(d) The ~~Districts~~District shall cease to be obligated to impose, collect and convey the revenue from the ARI Mill Levy described in Section VI of the ~~Second Amended and Restated~~ Service Plan at such time as the area within the ~~Districts'~~District's boundaries is included within a different district organized under the Special District Act, or a General Improvement District organized under Section 31- 25-601, *et seq*., C.R.S., or Business Improvement District

organized under Section 31-25-1201, *et seq*., C.R.S., which other district has been organized to fund a part or all of the Regional Improvements, or at such time as provided for in a Regional Intergovernmental Improvements Agreement.

~~21.~~24. Maximum Debt Mill Levy. The "~~"~~Maximum Debt Mill Levy~~"~~" shall be the maximum mill levy the District is permitted to impose upon the ~~taxable property~~Taxable Property within the District for payment of Debt, and shall be determined as follows:

(a) For the portion of any aggregate ~~District's~~District's Debt which exceeds fifty percent (50%) of the ~~District's~~District's assessed valuation, the Maximum Debt Mill Levy for such portion of Debt shall be fifty (50) mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, subject to the Assessment Rate Adjustment.

(b) For the portion of any aggregate ~~District's~~District's Debt which is equal to or less than fifty percent (50%) of the ~~District's~~District's assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the Debt service on such Debt, without limitation of rate.

(c) For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 of the ~~Second Amended and Restated~~ Service Plan, so that the District is entitled to pledge to its payment an unlimited ad valorem mill levy, the District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in the ~~District's~~District's Debt to assessed ratio. All Debt issued by the District must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that the District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-~~1101~~1101, C.R.S., the term "~~"~~District~~"~~" as used herein shall be deemed to refer to the District and to each such subdistrict separately, so that each of the subdistricts shall be treated as a separate, independent district for purposes of the application of this definition.

The Maximum Debt Mill Levy shall not apply to the District's Operations and Maintenance Mill Levy for the provision of operation and maintenance services to the District's taxpayers and service users.

~~22.~~25. Maximum Debt Mill Levy Imposition Term. The District shall have the authority to impose the ARI Mill Levy for the terms as set forth in Section VI of the ~~Second Amended and Restated~~ Service Plan. Other than the ARI Mill Levy, the District shall not impose a levy for repayment of any and all Debt (or use the proceeds of any mill levy for repayment of Debt) on any single property developed for residential uses which exceeds fifty (50) years after the year of the initial imposition of such mill levy unless a majority of the Board of Directors of the District are residents of the District and have voted in favor of a refunding of a part or all of the Debt and such refunding will result in a net present value savings as set forth in Section 11-56-101, C.R.S~~.~~., *et seq*.

HISTORY *(Dates reviewed by City council, Policy Committees, Boards and Commissions, or Staff. Summarize pertinent comments. ATTACH MINUTES OF COUNCIL MEETINGS, POLICY COMMITTEES AND BOARDS AND COMMISSIONS.)*

The Green Valley Ranch East ("GVRE") Metropolitan District No. 13 is located in Adams County, generally at the northwest intersection of E. 52th Ave. and Tibet Rd. GVRE Metropolitan District No. 13 is undeveloped and owned by a single homebuilder property owner; the board of directors is controlled by the same homebuilder. GVRE Metropolitan District No. 13 was created to finance the public improvements for the project known as Green Valley Ranch East which is primarily mixed-use commercial and residential land uses.

In August of 2004 City Council approved the consolidated servce plan for the GVRE Metropolitan District Nos. 6-8; in October of 2017 City Council approved the consolidated first amended and restated service plan for the GVRE Metropolitan Distict Nos. 6-8. In August of 2022 City Council approved a second amended and restated service plan for the GVRE Metropolitan District Nos. 6-8 and concurrently approved the formation of the GVRE Metropolitan District Nos. 9-14 all under a consolidated service plan. In April of 2026 City Council approved a first amendment to the second amended and restated service plan for the GVRE Metropolitan District Nos. 6-14 as it relates to GVRE Metropolitan District Nos. 10-14.

ITEM SUMMARY *(Brief description of item, discussion, key points, recommendations, etc.)*

This resolution is a request to approve a 3rd amended and restated service plan for the GVRE Metropolitan District No. 13 and authorizes the execution of an intergovernmental agreement between the City and the GVRE Metropolitan District No. 13. The amendment primarily removes GVRE Metropolitan District No. 13 from the consolidated service plan and allows GVRE Metropolitan District No. 13 to operate under a separate unconsolidated service plan. The disparate ownership, development plans, and build-out of the GVRE project is better adaptable to and more appropriate for separate service plans for each of the GVRE metropolitan districts. Notable highlights of changes from the existing approved service plan include:

- Updating exhibit maps to include current GVRE Metropolitan District No. 13 maps.
- Refinanced or refunded debt does not count towards total debt cap.
- Authorization to utilize special improvement districts/fees/bonds.
- Requring special improvement district debt to be included within District's overall debt cap; and requires any special improvement district fees/debt to be repaid completely before title transfer to a homeowner.

All other service plan changes made in April of 2026 are still applicable.

LEGAL COMMENTS

State statute and City Code provide that material modifications to an approved metropolitan district service plan may be made by the board of directors of a district only by petition to and approval by the City Council in substantially the same manner as provided for in the approval for an original service plan. (Title 32, Article 1, C.R.S., as amended, and Section 122-36(b) of the City Code). City Code requires that the City Council conduct a public hearing regarding approval of the proposed district and its service plan. Therefore, a public hearing is required prior to material modifications of the service plan. (City Code Section 122-36(b)). City Code further requires that the special district enter into a written agreement with the City. (Section 122-30)(21)). The proposed Intergovernmental Agreement satisfies the requirements set forth therein. The proposed Agreement is with another governmental entity, so a resolution is required to authorize its execution. (City Charter Section 10-12). (Rulla)

Re: Letter of Intent
Un-Consolidated Third Amended and Restated Service Plans for Green Valley Ranch Metropolitan District Nos. 6-14

Dear Ms. Perry:

On behalf of the Boards of Directors of Green Valley Ranch East Metropolitan District Nos. 6, 7, 8, 9, 10, 11, 12, 13, and 14 (each individually a "District" and collectively the "Districts"), enclosed please find an electronic copy of the proposed Third Amended and Restated Service Plan for each of the Districts (collectively the "Un-Consolidated Service Plans" or the "Amendments").

The Second Amended and Restated Service Plan for the Green Valley Ranch East Metropolitan District Nos. 6 – 14 was approved by the City Council of the City of Aurora, Colorado (the "City"), by Ordinance No. 2022-43 on August 22, 2022, effective September 24, 2022 and was amended by the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14, which was as approved by Ordinance No. 2026-08 on April 20, 2026, effective May 23, 2026 (collectively the "Consolidated Service Plan").

Under the Consolidated Service Plan, the Districts are authorized to plan for, design, acquire, construct, install, relocate, redevelop and finance street, parks and recreation, water, sanitation/storm sewer, transportation, mosquito control, safety protection, fire protection, television relay and translation and security improvements (collectively, the "Public Improvements") subject to certain limitations set forth in the Consolidated Service Plan. Pursuant to the Consolidated Service Plan, the Districts are also required to impose the "ARI Mill Levy" (as defined in the Consolidated Service Plan) for the purpose of funding the costs of "Regional Improvements" (as defined in the Consolidated Service Plan) and for related overhead and administration costs.

The main purpose of these Amendments is to un-consolidate the Consolidated Service Plan. As explained in the letter of intent dated February 9, 2026, submitted with the most recent amendment to the Consolidated Service Plan: "As development has progressed, the Boards have determined that the Districts would benefit from separate, individual 'un-consolidated' service plans reflecting the nuances and needs of the current and anticipated property owners and taxpayers

of the development within each of the Districts (e.g., type of development, ARTA or FRIA, operation and maintenance authority)." As such, the Un-Consolidated Service Plans are intended to update or amend certain Consolidated Service Plan provisions in relation to the Districts as necessary to account for each Districts' individual nuances and needs and include certain revised language requested by the City based on its current model service plan, with all other provisions of the Consolidated Service Plan remaining unchanged in full force and effect for each of the Districts. As requested, the Districts further provide the following explanation and/or demonstration for the need for these Amendments in both an overview and detailed format for ease of review:

DETAILED EXPLANATION OF PROPOSED CHANGES

1. Proposed Changes and Intention of Such Changes in each Amendment

a. <u>District Nos. 6-8 – Minimal Proposed Changes, Intent to Maintain the Status Quo</u>

Residential development is well underway within the boundaries of Green Valley Ranch East Metropolitan District Nos. 6-8 ("District Nos. 6-8") and two or more residents are serving on the Board of Directors of each of District Nos. 6-8. As such, no major changes are being proposed in the Amendment applicable to each of District Nos. 6-8 other than the un-consolidation. The Amendments applicable to each of District Nos. 6-8 also incorporate current information about each of District Nos. 6-8, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of the applicable District provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in the ARTA.

b. <u>District No. 9 – Addition of Special Improvement Districts</u>

Residential development is contemplated within the boundaries of Green Valley Ranch East Metropolitan District No. 9 ("District No. 9") and it is affiliated with the development within the boundaries of District Nos. 6-8. As such, only one major change is being proposed for the Amendment applicable to District No. 9 other than the un-consolidation – the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The

Amendment applicable to District No. 9 incorporates the City's recommended language related to Special Improvement Districts and Special Improvement District Debt.

The Amendment applicable to District No. 9, like the Amendments applicable to District Nos. 6-8, also incorporates current information about District No. 9, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 9 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to AACMD which is not affiliated with the Districts other than its involvement in ARTA.

c. <u>District Nos. 10-11 and 13-14 – Revisions from First Amendment and Addition of Special Improvement Districts</u>

The Amendments applicable to each of Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, Green Valley Ranch East Metropolitan District No. 13, and Green Valley Ranch East Metropolitan District No. 14 (collectively "District Nos. 10-11 & 13-14") differ from the Amendments applicable to each of District Nos. 6-8 and District No. 9. The Amendments for District Nos. 10-11 & 13-14 incorporate all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), makes corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removes of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. These Amendments further recognize that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendments applicable to each of District Nos. 10-11 & 13-14 result in the un-consolidation of the Consolidated Service Plan and also propose the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. These Amendments incorporate the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendment specific to District No. 9.

The Amendments applicable to each of District Nos. 10-11 & 13-14, like the Amendments applicable to District Nos. 6-8 and District No. 9, also incorporate current information about each of Districts Nos. 10-11 & 13-14, include language requested by the City based on its current model service plan, allow for in-person meetings that are outside the respective boundaries of District Nos. 10-11 & 13-14 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and remove extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

d. District No 12 – Revisions from First Amendment, Addition of Special Improvement Districts, and Expansion of Inclusion Area

The Amendment applicable to Green Valley Ranch East Metropolitan District No. 12 ("District No. 12") is similar to the Amendments applicable to District Nos. 10-11 & 13-14 and likewise differs from the Amendment applicable to District Nos. 6-8 and District No. 9. The Amendment for District No. 12 incorporates all of the changes related to Regional Intergovernmental Improvements Agreement (as defined in the Consolidated Service Plan), corresponding updates and additions to the terms to "ARI Master Plan," "ARI Authority," and "ARI Mill Levy", and removal of ARTA specific terms, which were approved earlier this year in the Consolidated Second Amended and Restated Service Plan for Green Valley Ranch East Metropolitan District Nos. 6-14 and First Amendment Thereto as it applies to Green Valley Ranch East Metropolitan District Nos. 10-14. This Amendment also recognizes that Green Valley Ranch East Metropolitan District No. 10, Green Valley Ranch East Metropolitan District No. 11, and Green Valley Ranch East Metropolitan District No. 14 became members of FRIA.

In addition to the foregoing previously approved revisions discussed above, the proposed Amendment for District No. 12 results in the un-consolidation of the Consolidated Service Plan and also proposes the addition of the ability to form Special Improvement Districts and issue Special Improvement District Debt. The Amendment incorporates the same City-recommended language related to Special Improvement Districts and Special Improvement District Debt which is incorporated in the Amendments specific to each of District No. 9 and District Nos. 10-11 & 13-14.

The Amendment applicable to District No. 12 includes expanded Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map. This expanded area is consistent with the request from District No. 12, dated August 21, 2025, for City consent to the inclusion of property within the boundaries of District No. 12. Specifically, on August 19, 2025, District No. 12 received a petition for inclusion (the "Petition") of the following property, which is outside the boundaries of the Service Area as set forth in the existing Consolidated Service Plan: Lot 1, Block 1, Windler Subdivision recorded December 27, 1972 at Reception No. 984962 in the official records of Adams County, Colorado, excepting certain portions as described in the legal description appended to the Petition (the "Brandenberg Property"). After extended discussions with City staff, District No. 12 was advised that the City would only consider such consent as part of an amendment to the existing Consolidated Service Plan. Accordingly, the Amendment applicable to District No. 12 seeks to add the Brandenberg Property to the Service Area, Inclusion Area Boundaries and Inclusion Area Boundary Map.

The Amendment applicable to District No. 12, like the Amendments applicable to each of District Nos. 6-8, District No. 9 and District Nos. 10-11 & 13-14, also incorporates current information about the District, includes language requested by the City based on its current model service plan, allows for in-person meetings that are outside the boundaries of District No. 12 provided such location is within the City, convenient to the public, and a virtual option for attendance is also available, and removes extraneous and outdated language related to the AACMD which is not affiliated with the Districts other than its involvement in ARTA.

e. Intent to Make Corresponding Changes to the Intergovernmental Agreement between the City and the Districts

As part of the Amendment, the Districts have prepared a corresponding revised Intergovernmental Agreement between the City of Aurora, Colorado and each of the Districts, which will replace the existing Intergovernmental Agreement between the City of Aurora, Colorado and the Districts collectively dated February 24, 2023, as amended by the First Amendment thereto between the City of Aurora, Colorado and Green Valley Ranch East Metropolitan District Nos. 10, 11, 12, 13 and 14 dated as of August 1, 2026 (each referred to as a "Revised IGA"). Each Revised IGA includes the same amendments as set forth in each of the Amendments. Each Amendment sets forth that the Revised IGA will be executed by each District at the first meeting of the respective Board of Directors after approval of the applicable Amendment.

We respectfully request consideration of the Amendment for each of the Districts. If you have any questions or need any additional information, please contact me. Thank you in advance for your assistance.

Sincerely,
